**Focus on Grammar** Fuchs & Bonner, Marjorie Fuchs, Margaret Bonner, 2005-11-01 Paperbound Books in Print, 1992  
*The Change of Narrative Modes in Chinese Fiction (1898-1927)* Pingyuan Chen, 2022-02-17 This book examines the Chinese fictions xiaoshuo published between 1898 and 1927 three pivotal decades during which China underwent significant social changes. It applies Narratology and Sociology of the Novel methods to analyze both the texts themselves and the social cultural factors that triggered the transformation of the narrative mode in Chinese fiction. Based on empirical data, the author argues that this transformation was not only inspired by translated Western fiction but was also the result of a creative transformation in traditional Chinese literature.

**Grounding in Chinese Written Narrative Discourse** Wendan Li, 2018-02-19 In *Grounding in Chinese Written Narrative Discourse* Wendan Li offers a comprehensive and innovative account of how Mandarin Chinese as a language without extensive morphological marking highlights or foregrounds major events of a narrative and demotes or backgrounds other supporting descriptions. Qualitative and quantitative methods in the analysis and examinations of authentic written text provide extensive evidence to demonstrate that various types of morpho-syntactic devices are used in a wide range of structural units in Chinese to mark the distinction between foregrounding and backgrounding. The analysis paves the way for future studies to systematically approach grounding-related issues. The typological viewpoint adopted in the chapters serves well readers from both the Chinese tradition and other languages in discourse analysis.
