Applied Human Factors in Aviation Maintenance Manoj S. Patankar, James C. Taylor, 2017-07-05 Considering the global awareness of human performance issues affecting maintenance personnel there is enough evidence in the US ASRS reports to establish that systemic problems such as impractical maintenance procedures inadequate training and the safety versus profit challenge continue to contribute toward latent failures Manoj S Patankar and James C Taylor strongly believe in incorporating the human factors principles in aviation maintenance In this their second of two volumes they place particular emphasis on applying human factors principles in a book intended to serve as a practical guide as well as an academic text Features include A real how to approach that serves as a companion to the previous volume Risk Management and Error Reduction in Aviation Maintenance Self reports of maintenance errors used throughout to illustrate the systemic susceptibility for errors as well as to discuss corresponding solutions Two tools a pre task scorecard and a post task scorecard introduced as means to measure individual as well as organizational safety performance Interpersonal trust and professionalism explored in detail Ethical and procedural issues associated with collection and analysis of both qualitative as well as quantitative safety data discussed The intended readership includes aviation maintenance personnel e g FAA type aircraft mechanics CAA type aircraft maintenance engineers maintenance managers regulators and aviation students
