Follow Your Heart

Dr. Ella L. Moore

Follow Your Heart:

Follow Your Heart Arzu Dogan, 2021-10-07 Arzu Dogan began writing to document her healing journey from an autoimmune illness. She learned among other things food was medicine and she was not living her truth and her purpose. Dogan read self-help books, attended workshops, explored natural medicines, and the power of organic food and adopted mindfulness to be and have a more purposeful life. She learned about holistic health and how well-being, both mentally, spiritually, and physically, is all connected and when nurtured, one can live in true harmony with health and inner peace. In *Follow Your Heart*, Dogan tells what it means to follow your heart and tune into your intuition. This guide offers advice and tips on how you can live, eat, and be your truest, healthiest, and highest self, beaming with love and light. Dogan's story offers a true testament to how your heart is the key to expansion and transformation; you just have to follow it. **Follow Your Heart** Susanna Tamaro, 1995. An international bestseller with tremendous word-of-mouth appeal, *Follow Your Heart* is a bittersweet, heartwarming novel spanning generations and teaching the universal truths about life, love, and what lies within each of us. Originally published in Italy, *Follow Your Heart* won the coveted Premio Donna Citta di Roma and sold over 800,000 copies in that country alone before hitting bestseller lists throughout the rest of Europe. Now North American readers can enjoy the novel that has won over the world. It begins in late autumn 1992 as an elderly Italian woman, prompted by the knowledge of her encroaching death, sits down to write a letter to her granddaughter, now grown and living in far-off America. Through these moving reflections, we see one life laid bare: joys, sorrows, regrets, and all. And through the eyes of a woman nearing the end of her days, we come to understand what life experience has taught her: that no matter what the stakes, we must look within ourselves and gather the courage to follow our hearts. *Don't Follow Your Heart* Thaddeus J. Williams, 2023-10-03. Why chasing after expressive individualism, experiences, and desires always fails to deliver on its promise of happiness. Today we are told to be true to ourselves, look within for answers, and follow our hearts. But when we put our own happiness first, we experience record-breaking levels of aimlessness, loneliness, depression, and anxiety. Self-centeredness always fails to deliver the fulfillment we're seeking. In *Don't Follow Your Heart*, Thaddeus Williams debunks the ten commandments of self-worship, which include popular propaganda like *liveyourbestlife*, *Thou shalt always act in accord with your chief end to glorify and enjoy yourself forever*, *followyourheart*, *Thou shalt obey your emotions at all costs*, *yolo*, *Thou shalt pursue the rush of boundary-free experience*. Williams builds a case that this type of self-worship is not authentic, satisfying, or edgy. Instead, it's rehashing what is literally humanity's oldest lie. He calls on a new generation of mavericks and renegades, heretics who refuse to march in unison with the self-obsessed herd. With a fascinating blend of theology, philosophy, science, psychology, and pop culture, Williams points us to a life beyond self-defeating dogmas to a more meaningful life centered on Someone infinitely more interesting, satisfying, and awesome than ourselves. Featuring stories from Carl Trueman, Joni Eareckson Tada, J.P. Moreland, Josh McDowell, Alisa Childers, and more. Following the herd is leading our generation off a cliff. Maybe a little heresy can do us
