

"A book about people pursuing moral life
after a traumatic crisis is pretty timely, and such
a book—filled with compassion, bravery, smart
ideas and sharp lines, and a host of a metaphor
for long-image metaphors, beauty."

Fools' Gold Nicholas Hagger, 2022-12-09 In Fools Paradise Nicholas Hagger presented the UK's attempt to leave the EU under Prime Minister Theresa May in terms of the voyage of Sebastian Brant's 1494 Ship of Fools heading with a mutinous crew for the illusory nonexistent paradise of Narragonia His mock heroic satirical poem on the political chaos surrounding the most important UK decision since the Second World War is in rhymed heroic couplets in the tradition of Dryden and Pope In this sequel Fools Gold Hagger focuses on the beginning of Boris Johnson's premiership the promises that won him the 2019 General Election with an 80 seat majority and his removal of the UK from the EU only to be engulfed by the deadly Covid pandemic which has devastated the UK economy Hagger describes the catastrophic national events in heroic blank verse which befits the darkening mood The UK public has been promised a new Golden Age an age of plenty and it remains to be seen whether there will be prosperity for all gold now that the UK is facing colossal debt outside the EU or whether the promises will turn out to be worthless iron pyrites fools gold

All Fools in the Inferno H.G. Sansostri, 2025-04-30 The sandy expanses of Clan Silverclaw have persisted through countless centuries of internal power struggles holy wars and foreign invasions Where many zealous warriors have fallen only the ghosts of revolutionary spirits lay scattered across the scorching sands In the lull following civil war and insurrection the inhabitants of Silverclaw's sprawling cityscapes abide by an otherwise disquieted and uneasy peace For plenty the land is nothing but an unnavigable nightmare of blood feuds and sadism For the felines of Vos Draemar it has been home for centuries A month after the siege of Saint Gaspard was repelled House Vigilance commits itself to a hasty relocation that brings Corsair and Ragnar Sedrid into close contact with the aftermath of their bloodline's doing Upon the coast of Clan Silverclaw a nation state that spits upon their family name for all the chaos it had sown the next steps of House Vigilance's international campaign for prevailing change would be realised The countless loyal souls of the venerable house must not let their guard slip The world worsens and with it the insistence on dogmatic principle becomes ever stronger Servants of violent piety seek to avenge their pride lost in the forgotten wars of yesteryear Government enforcers move to subdue all dissidents with lethal force guided by the inescapable will of Opulusian might that spans the world Unbeknownst to him Corsair Sedrid has glimpsed something bigger than them all Soon he shall realise more than just rebels call Silverclaw their home

The Pursuit of Pleasure Lionel Tiger,2017-07-12 Pleasure is biologically desirable and good for physical and mental health In The Pursuit of Pleasure Lionel Tiger explores this aspect of human nature by focusing on the origins and forms of pleasure Medical science has perfected a host of often astonishingly impressive methods for preventing alleviating or recovering from pain Its opposite pleasure has not had such a well funded and fully justified constituency In fact those committed to the understanding and pursuit of pleasure are rarely accorded respect and a sense of significance People have objected to the notion of pleasure for a variety of reasons The most complex derive from religious convictions that the most morally admirable human life is marked by abstemiousness suffering even martyrdom There is also a corresponding fear that people may pursue pleasure too avidly and with too strong a sense of entitlement and the world s work will not get done But just as there have been suspicions of the dangers of pleasure there have also been its supporters who assert its vital and joyful centrality to human experience The Pursuit of Pleasure favors an agnostic approach borrowed from natural science In lively witty and eminently readable prose Tiger identifies major forms of pleasure and explores their variations now and in the past Pleasure says Tiger is not a luxury but an evolutionary entitlement that deserves to be taken seriously As we acknowledge our need for enjoyment we understand the need to establish balance in our lives our need for the pursuit of pleasure

Don Quixote as Children's

Literature Velma Bourgeois Richmond, 2018-06-09 Cervantes is regarded as the author of the first novel and the inventor of fiction. From its publication in 1605, *Don Quixote* recently named the world's best book by authors from 54 countries has been widely translated and imitated. Among its less acknowledged imitations are stories in children's literature. In context of English adaptation and critical response, this book explores the noble and mad adventures retold for children by distinguished writers and artists in Edwardian books collections, home libraries, schoolbooks, and picture books. More recent adaptations including comics and graphic novels deviate from traditional retellings. All speak to the knight errant's lasting influence and appeal to children.

Misunderstood Stories Robert Karl Gnuse, 2014-03-20 Narratives in Genesis 1-11 have been misunderstood in many ways but they especially have been used to oppress women and African Americans and to present a God of wrath and judgment. This commentary seeks to explain the real message behind those narratives which is one that speaks of human dignity and equality that affirms monotheism that criticizes kings and tyrants that declares our oneness with the animal realm and nature and that proclaims a powerful message of divine grace with a deity personally involved in the human world. Humor may also be found in some of these stories. These biblical passages can be best explicated by close reading as well as by knowledge of comparable stories from the ancient Near East and from the classical world and finally by knowledge of the concomitant social and political values connected with those other myths and narratives.

A Mouth (Full) of Serenity and Fireflies/ Rebel Waste, 2014-08-30 *Fireflies* is a metaphor. The synapses of dogs is a metaphor. The book is wrought or rot with metaphors for the mind to then live til death in search of fireflies. Everything. The insanity of seeing the world as it always is before and after now and then I want to smash the jar like a child's piggy bank of dreams. The black hole jar is an open ended never ending metaphor. Metaphors make writing more than what it is and makes writing what it will be. It is why we can reach out and take hold of nothing but open our palms and behold everything. Each page breeds three. So read to read or read to breed.

Those Practical Proverbs David Balsley, 2018-12-13 *Those Practical Proverbs* is a verse by verse commentary on the book of Proverbs from a pastor's perspective. It begins with an exploration of the authorship of Proverbs most of which was written by King Solomon with brief sections by Agur the son of Jakeh and the

Trump and Iran Nader Entessar, Kaveh L. Afrasiabi, 2019-11-20 With the advent of the Trump Administration relations between Iran and the United States have become increasingly conflictual to the point that a future war between the two countries is a realistic possibility President Trump has unilaterally withdrawn the US from the historic Iran nuclear accord and has re-imposed the nuclear related sanctions which had been removed as a result of that accord Reflecting a new determined US effort to curb Iran's hegemonic behavior throughout the Middle East Trump's Iran policy has all the markings of a sharp discontinuity in the Iran containment strategy of the previous six US administrations The regime change policy spearheaded by a hawkish cabinet with a long history of antipathy toward the Iranian government has become the most salient feature of US policy toward Iran under President Trump This turn in US foreign policy has important consequences not just for Iran but also for Iran's neighbors and prospects of long term stability in the Persian Gulf and beyond This book seeks to examine the fluid dynamic of US Iran relations in the Trump era by providing a social scientific understanding of the pattern of hostility and antagonism between Washington and Tehran and the resulting spiraling conflict that may lead to a disastrous war in the region
