Owning an Electric Car - 2010 Edition Michael Boxwell,2010 Owning an Electric Car is the essential book for anyone who is interested in owning an electric car and who wants to know more about them The book has been written with input from hundreds of people from all around the world interviews and surveys with owners of electric cars about their experiences both good and bad meetings with vehicle manufacturers and discussions with politicians environmental campaigners and

electricity providers have all contributed make this book an essential guide to help you make an informed choice about electric cars **Plug-in Electric Car Buyers Buying Guide** , *Fuel Economy Guide* ,2010 **Trains, Buses, People, Second Edition** Christof Spieler,2021-08-24 Gets right to the point put transit where the people are The author combines detailed knowledge and a refreshing frankness Keep this book within easy reach Planning In some US and Canadian cities transit has quietly been expanding and improving over the last few years despite funding and ridership challenges How do we assess the advances and failures of our current systems to move forward strategically and wisely The first edition of Trains Buses People was dubbed a transit wonk s bible and guided a smarter conversation about urban transit in the US This second edition is fully updated and expanded to include eight Canadian cities and two new US cities Indianapolis and San Juan Puerto Rico In Trains Buses People Second Edition An Opinionated Atlas of US and Canadian Transit transit expert and transportation hero Christof Spieler provides a new section on inclusivity to help agencies understand how to welcome riders regardless of race gender income or disability Select cities include new maps overlaying transit and poverty data and systems that have started construction since the first edition in 2018 have been added Other new sections address network typologies guideway types station types and fares Spieler has spent over a decade advocating for transit as a writer community leader urban planner transit board member and enthusiast He strongly believes that just about anyone regardless of training or experience can identify what makes good transit with the right information In the fun accessible and visually appealing Trains Buses People Second Edition An Opinionated Atlas of US and Canadian Transit Spieler shows how cities can build successful transit He profiles the 49 metropolitan areas in the US and eight metropolitan areas in Canada that have rail transit or BRT using data photos and maps for easy comparison Spieler ranks the best and worst systems and he offers analysis of how geography politics and history complicate transit planning He shows how the unique circumstances of every city have resulted in very different transit systems Trains Buses People Second Edition is intended for non experts it will help any citizen professional or policymaker with a vested interest evaluate a transit proposal and understand what makes transit effective It shows that it is possible with the right tools to build good transit **Mayor Rob Ford: Uncontrollable** Mark Towhey,Johanna Schneller,2015-10-27 Rob Ford the most ridiculed and scandal ridden mayor is an international celebrity When the photo of him smoking crack cocaine circulated garnering billions of hits it was the icing on the cake Ford not just the favorite buffoon of late night comics and journalists was also a known alcoholic and the subject of legal political and police investigations stripped of his mayoral powers by Toronto s City Council and a star subject in a murder investigation Here for the first time Ford s former chief of staff Mark Towhey who tried to wrangle Ford during his highly public meltdown comes clean filling in incredible behind the scenes details previously unknown and providing invaluable context With this highly anticipated and much talked about tell all we go deep into Ford s personal life including his addictions and his rivalry with his brother we watch him as he runs Toronto we overhear hair raising late night phone calls and see private after hours

events and we also get the much gossiped about but little known account of Towhey's desperate struggle to protect the mayor from himself. This juicy read is like Ford political candy but it doesn't expose Ford for the sake of ridicule; it empathizes with him and explains him. It provides a fascinating portrait of twenty-first century urban politics as well as a character study of a larger-than-life personality: a mayor so colorful that he remains in office as a councillor and despite it all may one day become mayor again.

Investing In Green Transport Nick Hanna, 2011-11-10 This reference guide provides a detailed perspective on the investing opportunities in green transport technologies and services as well as an indication of the direction of trends in the sector. Significant attention is also given to the companies operating within the sector.

Screwing Mother Nature for Profit Elaine Smitha, 2012-01-01 If the recent mining and oil drilling disasters have taught us anything, it's that it's time to stop screwing Mother Nature for profit and this impassioned book shows us how on the analogy of the body we can create a business model for a sustainable future.

Electric Cars - The Future is Now! Arvid Linde, 2010 What if we all had to say goodbye to petrol cars tomorrow? Would you be ready? This book will introduce the electric car to potential advocates and opponents, revealing all the pros and cons. Is such a vehicle really what it promises to be: the perfect answer to the fuel crisis and environmental issues? Will your next car be electric?

Police Vehicles of the Twenty-First Century John A. Godwin, 2025-05-15 A fascinating insight into police vehicles over the last twenty-five years, including examples from many of the forty-five Territorial Police Forces of the UK, the three Specialist Police Forces (Parks, Ports, Police) and several others.

Supply Chain Design and Management for Emerging Markets Wojciech Piotrowicz, Richard Cuthbertson, 2015-04-16 This book focuses on supply chain management in emerging markets. The authors present issues relating to supply chain development covering countries such as Brazil, China, the Czech Republic, Russia, Indonesia, Malaysia, Nepal, Turkey, Egypt, and South Africa, and focuses on the challenges faced when the supply chain is designed and maintained. Such challenges derive from issues to do with risk, security, quality management, and infrastructure, among others. Case studies and survey results are presented in chapters which explore practical solutions to these issues. The latter will be of interest not only to local and international managers but also to students who are interested in emerging economies. The book covers manufacturing, retail, and food chains at the local and international levels.
