aspects of spirituality That s what I enjoyed the most about it It s different because of that Everything around spirituality books usually focus on only one or two areas I think back to that time when I was desperately seeking answers and had no one around me to ask or talk to about this If your book would have been available wow a game changer I can t tell you how many books I ve read especially when I was desperately seeking out everything and anything that talks about universal beliefs all of it Many things were well a waste of time Then I would find a book which is a gold nugget That s what makes your book amazing You ve covered so many things around this that even if only a few things resonate with a reader you ve given that person a trail and a path to follow It will lead them to go and open more doors Beta Reader This is a great read I loved that it had little nuggets of information on many areas of spirituality The author was open minded It s a wonderful book to grab and explore Amazon Review Wow I can t put this book down such a great read Amazon Review I stumbled across this book by mere coincidence although there is no such thing While scrolling through TikTok there were so many books tokens to try the book out and I am so glad I did The insight in his own spiritual journey which reflects somewhat so much with my own and explains so much in how I m feeling and how to accept the process Fantastic Robert Hunt Losing Your Mind to Find Your Soul Audible
