SAP ERP Financial Accounting and Controlling Andrew Okunbowa, 2015-06-08. SAP ERP modules are notoriously hard to configure and use effectively without a lot of practice and experience. But as *SAP ERP Financial Accounting and Controlling: Configuration and Use Management* shows, it doesn't have to be so difficult. The book takes a systematic approach that leads SAP Financial Accounting and Controlling (FICO) users step by step through configuring and using all the program's facets. This approach makes configuration complexities manageable. The book's author, SAP expert trainer and accountant Andrew Okunbowa, ensures that both you and your end users are up and running quickly and confidently with FICO. He also provides sound and tested procedures that ensure your implementation works without error. *SAP ERP Financial Accounting and Controlling: Configuration and Use Management* is in fact the most comprehensive and easy-to-follow SAP FICO configuration book in the market. It incorporates a hands-on approach with hundreds of screen shots and practical examples that allows a person without prior configuration training to make SAP FICO ready for use in the enterprise. You'll find that you don't need to be a rocket scientist to grasp the concepts explained and apply them to your work, even when the finances are complicated, such as with the ins and outs of taxes, currency conversions, or special general ledger entries such as down payments or bills of exchange. Providing an in-depth coverage of both configuration and end-user procedures, the book covers most aspects of the

SAP FICO certification syllabus SAP's view of the module's key tasks and procedures including Configuring and using the general ledger and accounts payable and receivable screens Configuring and completing closing procedures asset accounting and financial reporting Configuring global settings and enterprise variables Accounting for both profit and cost centers Creating a house bank Integrating FICO with other SAP modules Taking a jargon free tone and providing an abundance of examples Andrew Okungbowa provides a clear understanding of configuration techniques and the breadth of functionalities encompassed by SAP FICO And as an accountant Okungbowa understands the needs of end users as well as of those answering to the CIO *The Cambridge Guide to VisiCalc* Bob Mould, Fran Teo, 1985-10-24 This book is aimed at all spreadsheet users from the complete beginner to those familiar with VisiCalc who wish to use ready made spreadsheets templates to help run small businesses or to perform technical calculations The section aimed at the complete beginner assumes no knowledge of VisiCalc or of any other spreadsheet but teaches the basic principles of spreadsheets using VisiCalc as the medium Once VisiCalc is understood it is easy to convert to any other spreadsheet The skilled VisiCalc user is introduced to the concept of templates or master spreadsheets and hints on designing them are included Spreadsheets in general and VisiCalc in particular are normally used in financial applications but they have other uses Several technical spreadsheets are included to stimulate the imagination as well as others for use in education Finally the authors show how VisiCalc can even be fun
