

SCIENCE REPORT

TITLE

All experiments must have a title, which should relate to what is said in the "Aim".

AIM

State in 1 -2 sentences what you are trying to find out, investigate or discover. This should begin with "To..."

e.g. To show that sugar can dissolve in water. This should be **written in present tense**.

HYPOTHESIS

This is the possible answer to the problem being investigated, e.g. all acid reactions produce a salt. This should be **written in present tense**.

MATERIALS

List of all materials (equipment and chemicals) needed to do the experiment.

METHOD

Describe what you did. It must be in:

- **Past tense**
e.g., 'Measured in 10ml of water' or '10ml of water was measured'
- Point or numbered form
- Passive voice (what was done rather than what you did)
e.g., 'The circuit was set up' rather than 'I set up the circuit'

DIAGRAMS

These should be labelled and drawn in pencil. At times they may be used instead of a written method.

RESULTS

This is a record of what was observed and/or measured during the experiment. A neat ruled-up table and/or graph may be used to record these observations or measurements. This should be **written in past tense**.

DISCUSSION

These are specific questions about the experiment, which may include:

- Is the hypothesis supported or disproved?
- What problems were encountered?
- How could the experiment be improved?
- What errors were made?

The discussion should be **written in past tense**.

CONCLUSION

This is a short statement directly related to the aim.

This should be **written in past tense**.

Format For Elementary Student Science Report:

Decoding **Format For Elementary Student Science Report**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Format For Elementary Student Science Report**," a mesmerizing literary creation penned by a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
