Game of Thrones as a Contemporary Feminist Revenge Tragedy Lea M. Peters, 2023-10-11 It is common knowledge that the television series Game of Thrones and revenge go together well but whether Game of Thrones and feminism are compatible is debatable to say the least This book shows how the series female characters in particular utilise revenge to acquire autonomy fight objectification and pursue equality On the one hand they do so by mirroring the female characters of English Renaissance Revenge Tragedies On the other prevailing feminist ideas of the 21st century are also incorporated The resulting tension between models from the Renaissance and current feminist impulses allows for an interpretation of Game of Thrones as a contemporary feminist version of a Revenge Tragedy Thus this book discusses gender equality and representation problematising the heteronormative binary perspective so commonly given on the series As such the book is for everyone interested in popular culture and its influences and developments both fans and critics of the show feminists and those who aspire to educate themselves
