Get Real The Pitfall Of A Cultural Christianity:

Get Real Michael M. Middleton, 2014-10-14 If you consider yourself to be a religious person then you are probably not going to like this book You may however be precisely the person who needs it If you put in your weekly time in the pew or behind the pulpit for that matter but still feel like something is missing this book is for you If you hunger for something real for an authentic Christianity this book is for you If you are tired of pretending and just want to get real my friend this little book is for you *Cultural Christianity* Andrew McKinney, 2023-05-03 There is a messy secret within the Western evangelical church and it is starting to get out We're not who we think we are and it is becoming painfully obvious to the rest of the world around us The secret We have abandoned the preaching of the true gospel and as a result admitted thousands of people into our local assemblies who are lost and dead in their sin This has landed the evangelical church in utter ruin and devastation Rather than hearing the cross and the gospel of Christ proclaimed in our churches we now hear the relative gospel a gospel of ceremonial works that cannot save anyone And we are facing judgment because of this Scandals wreck whole denominations Sin plagues our congregations and pulpits People remain dead in their sin and the testimony of Christ suffers shame The church is now almost indistinguishable from the secular culture that we are called to reach We have wholly embraced cultural Christianity It is time to face the ugly truth in the mirror and return to the preaching of the true biblical gospel as revealed in Holy Scripture We must return to preaching the fundamental truths of God's Word God is holy in His righteousness Man is dead in his sin and incapable of saving himself Hell awaits any who would dare to trust in anything other than Christ to save them for He alone is our atonement and propitiation Trusting in His death and resurrection is the only means of salvation from sin and hell We must call people to repent of their sin submit to Jesus as Lord trust in Him alone and follow Him It is time to condemn the relative gospel in all of its forms for what it is a false gospel Salvation is not found in a ceremonial ritual politician political party or ideology It is found in Christ alone We must repent turn back to the Bible preach it unashamedly and trust God alone to save It is time to condemn cultural Christianity

Cultural Christians in the Early Church Nadya Williams, 2023-11-14 In the middle of the third century CE one North African bishop wrote a treatise for the women of his church exhorting them to resist such culturally normalized yet immodest behaviors in their cosmopolitan Roman city as mixed public bathing in the nude and wearing excessive amounts of jewelry and makeup The treatise appears even more striking once we realize that the scandalous virgins to whom it was addressed were single women who had dedicated their virginity to Christ Stories like this one challenge the general assumption among Christians today that the earliest Christians were zealous converts who were much more counterculturally devoted to their faith than typical churchgoers today Too often Christians today think of cultural Christianity as a modern concept and one most likely to occur in areas where Christianity is the majority culture such as the American Bible Belt The story that this book presents refutes both of these assumptions *Cultural Christians in the Early Church* which aims to be both historical and

practical argues that cultural Christians were the rule rather than the exception in the early church Using different categories of sins as its organizing principle the book considers the challenge of culture to the earliest converts to Christianity as they struggled to live on mission in the Greco Roman cultural milieu of the Roman Empire These believers blurred and pushed the boundaries of what it meant to be a saint or sinner from the first to the fifth centuries CE and their stories provide the opportunity to get to know the regular people in the early churches At the same time their stories provide a fresh perspective for considering the difficult timeless questions that stubbornly persist in our own world and churches when is it a sin to eat or not eat a particular food Are women inherently more sinful than men And why is Christian nationalism a problem and at times a sin Ultimately recognizing that cultural sins were always a part of the story of the church and its people is a message that is both a source of comfort and a call to action in our pursuit of sanctification today

Sino-Christian Studies in China YANG Huilin, Daniel H. N. YEUNG, 2009-05-27 In the 1980s there was a wave of introducing western thoughts in the academia of Mainland China The significance of this movement is regarded by some Chinese scholars as another Enlightenment since the May 4th movement 1919 In this movement there was a small group of Chinese scholars who thought that subtle interaction between Christian thought and western culture and academic should be noticed The aim of this book is at reporting this academic movement which is still active and dynamic today This book includes 22 essays written by authors from Mainland China and overseas who may be intra or extra ecclesia But all of them are prominent in their respective geographical and academic area This is the first book introducing to the English speaking world the origin and development of Sino Christian Studies and Sino Christian Theology systematically *Appalachian Land Ownership Study: Virginia*, 1980 **The Pitfalls of Preachers** Theo Ewoluwa, 2012-09-18 This book will make you certain about what the Christian message is and what it is not It will bring home to you the Christian messengers often under rated responsibilities and how to readily fall on their right side You will acquire a rational approach to accomplishing your objective as a messenger of Christ through reading this book This book will alert you to popular errors that are quietly creeping into even the most conservative church audiences It will teach you how to classify your church and therefore make you see the urgent spiritual remedies required You will understand the dynamics of how churches fare well or fail by the Lords biblically revealed yardstick High end spiritual poisons do take longer than one generation to gestate so that the arrival of their ill effects often take the new leaders in place by surprise However this book will show you a simple scriptural way to know spiritual poisons at first contact Many books give dozens of steps to take in order to accomplish desirable objectives but this one will avail you of simple easy to remember but often overlooked principles that will save you from deadly and pervasive hazards of preachers **Pitfalls of Trained Incapacity** Birgit Herppich, 2016-01-15 The need to train Christian missionaries was an afterthought of the Protestant missionary movement in the early nineteenth century The Basel Missionary Training Institute BMTI was the first school designed solely for the purpose of preparing European missionaries

for ministry in non European lands Pitfalls of Trained Incapacity explores the various sociological and historical factors that influenced the BMTI community of practice and how the outcomes affected the work of the Basel Mission in Ghana in its initial phase It shows that the integral training of the BMTI resulted in missionary practices that lacked flexibility to adjust attitudes and behavior to the vastly different circumstances in Africa impeded the realization of mission objectives and hindered the emergence of an African appropriation of Christianity By exploring educational and sociological perspectives in a precolonial context this study reaches beyond its historical significance to raise questions of unintended effects of integral ministry training in other times and places The natural cultural bias of groups with shared theological assumptions and social ideals like the Basel Mission suggests a strong propensity for trained incapacity that is for training processes that establish inflexible mental frameworks that are potentially detrimental to intercultural engagement

Salvation and Modernity Fredrik Fällman, 2008-09-17 Salvation and Modernity presents an interpretation of the phenomenon of intellectual Christians in contemporary Chinese society with special focus paid to Liu Xiaofeng by exploring the main issues of faith salvation and the quest for a modern China Author Fredrik Fällman investigates similar developments in earlier centuries by linking past and present forms of cultural Christian phenomenon and the beliefs and ideas of Liu Xiaofeng and other scholars Their focus on Christianity implies a criticism of traditional Chinese value systems in particular Confucianism and Daoism The introduction

of Christian theology and values into Chinese academia is a way of creating greater understanding for Western culture. Many cultural Christians argue that this advanced understanding is a prerequisite for establishing a modern China. Issues of personal faith and identity are also central in respect to modernity as well as to individual and national salvation. Post Mao China is seeking a new foundation for values and cultural Christians have a definite role to play. Since the choice of Christianity is an expression of individuality, freedom, and criticism of political structures, cultural Christians will ultimately help in laying foundations for a theology in Chinese relations between the intellectuals and the Church. The impact and importance of cultural Christians is becoming more visible now than ever before. **Wake Up, Lazarus!** Pierre Hegy, 2012

Today's Catholic Church faces a major decline and a dramatic renewal is needed to facilitate positive change. Three general factors that contribute to the spiritual decline of all mainline churches and three factors that are special to the Catholic Church. Hegy describes the inner workings of two successful parishes, one evangelical and the other Catholic, to illustrate the strategies used that contribute to vibrant and growing church communities. He also reviews various renewal plans and then presents his personal long term plan for renewal in the Catholic Church with practical implementation suggestions included in each step. **Preaching Hebrews** Douglas D. Webster, 2017-10-09 Hebrews is a powerful meditation on the gospel. It is a sixty minute sermon delivered to a worshipping congregation. The spiraling impact of theological exposition and pastoral exhortation is impressive. Hebrews weans us away from our preoccupation with the start of the Christian life and focuses our attention on the perseverance of faith. Life is not a sprint, it's a marathon. Faithfulness to the end affirms faith from the beginning. If we let the word of God have its way with us, Hebrews will deepen our faith in Christ and strengthen our faithfulness. Like Jesus in the Gospels, Hebrews sees the fundamental difference between apostasy and faithfulness as the difference between a religion about God and a Christ centered relationship with God. Any form of Christianity that competes like other religions for the attention of its adherents through its rituals, practices, pastors, traditions, and sacred spaces has fallen back into an obsolete and worldly strategy. The pastor calls for a decisive end to religion, even the best religion ever conceived. The flow of reasoned argument for Christ and against religion, along with the pulsating emotional intensity of ultimate issues laid bare and heart felt warnings against complacency and unbelief, deliver a powerful and timely message.

Missional Church Daniel L. Guder, 1998-02-09 What would a theology of the Church look like that took seriously the fact that North America is now itself a mission field? This question lies at the foundation of this volume, written by an ecumenical team of six noted missiologists: Lois Barrett, Inagrace T. Dietterich, Darrell L. Guder, George R. Hunsberger, Alan J. Roxburgh, and Craig Van Gelder. The result of a three year research project undertaken by The Gospel and Our Culture Network, this book issues a firm challenge for the church to recover its missional call right here in North America while also offering the tools to help it do so. The authors examine North America's secular culture and the church's loss of dominance in today's society. They then present a biblically based theology that takes seriously the church's missional vocation and draw out the consequences.

of this theology for the structure and institutions of the church
