Girl Guide Leaders Canada:

Guiding Modern Girls Kristine Alexander, 2017-11-15 Across the British Empire and the world the 1920s and 1930s were a time of unprecedented social and cultural change. Girls and young women were at the heart of many of these shifts which included the aftermath of the First World War, the enfranchisement of women and the rise of the flapper or Modern Girl. Out of this milieu the Girl Guide movement emerged as a response to popular concerns about age, gender, race, class and social instability. The British based Guide movement attracted more than a million members in over forty countries during the interwar years. Its success however was neither simple nor straightforward. Using an innovative multi-sited approach, Kristine Alexander digs deeper to analyze the ways in which Guiding sought to mold young people in England, Canada and India. She weaves together a fascinating account that connects the histories of girlhood, internationalism and empire while asking how girls and young women understood and responded to Guiding's attempts to lead them toward a service-oriented, useful, feminine future.

100 More Canadian Heroines Merna Forster, 2011-09-07 Following the bestselling 100 Canadian Heroines, Merna Forster presents 100 more stories of amazing women who changed our country. In this second installment of the bestselling Canadian Heroines series, author Merna Forster brings together 100 more incredible stories of great characters and wonderful images. Meet famous and forgotten women in fields such as science, sport, politics, war and peace, and arts and entertainment, including the original Degrassi kids, Captain Kool, hockey star Hilda Ranscombe and the woman dubbed the atomic mosquito. This book is full of amazing facts and trivia about extraordinary women. You'll learn about Second World War heroine Joan Fletcher Bamford who rescued 2,000 Dutch captives from a prison camp in a Sumatran jungle while commanding 70 Japanese soldiers. Hilwie Hamdon was the woman behind the building of Canada's first mosque, and Frances Gertrude McGill was the crime fighter named the Sherlock Holmes of Saskatchewan. Read on and discover 100 more Canadian heroines and how they've changed our country.

The Canadian Encyclopedia James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest, most comprehensive book ever published in Canada for the general reader. It is COMPLETE: every aspect of Canada, from its rock formations to its rock bands, is represented here. It is UNABRIDGED: all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume. It has been EXPANDED: since 1988, teams of researchers have been diligently fleshing out old entries and recording new ones; as a result, the text from 1988 has grown by 50% to over 4,000,000 words. It has been UPDATED: the researchers and contributors worked hard to make the information as current as possible. Other words apply to this extraordinary work of scholarship: AUTHORITATIVE, RELIABLE and READABLE. Every entry is compiled by an expert. Equally important, every entry is written for a Canadian reader, from the Canadian point of view. The finished work, many years in the making and the equivalent of forty average-sized books, is an extraordinary storehouse of information about our country. This book deserves pride of place on the bookshelf in every Canadian home. It is no accident that the cover of this book is based on the Canadian

flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada's motto and a good description of this volume's range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
