Julius Caesar Horst Zander, 2005-07-05 This book explores traditional approaches to the play which includes an examination of the play in light of current history in the context of Renaissance England and in relation to Shakespeare's other Roman plays as well as structural examination of plot language character and source material Julius Caesar Critical Essays also examines the current debates concerning the play in Marxist psychoanalytic deconstructive queer and gender contexts

Shakespeare and the First Hamlet Terri Bourus, 2022-06-10 The first edition of Hamlet often called Q1 shorthand for first quarto was published in 1603 in what we might regard as the early modern equivalent of a cheap paperback Yet this early version of Shakespeare's classic tragedy is becoming increasingly canonical not because there is universal agreement about what it is or what it means but because more and more Shakespearians agree that it is worth arguing about The essays in this collected volume explore the ways in which we might approach Q1's Hamlet from performance to book history from Shakespeare's relationships with his contemporaries to the shape of his whole career

The Test Drive Avital Ronell, 2010-10-01 The Test Drive deals with the war perpetrated by highly determined reactionary forces on science and research How does the government at once promote and prohibit scientific testing and undercut the importance of experimentation To what extent is testing at the forefront of theoretical and practical concerns today Addressed to those who are left stranded by speculative thinking and unhinged by cognitive discourse The Test Drive points to a toxic residue of uninterrogated questions raised by Nietzsche Husserl and Derrida Ranging from the scientific probe to modalities of testing that include the limits of friendship or love this work explores the crucial operations of an uncontestable legitimating machine Avital Ronell offers a tour de force reading of legal pharmaceutical artistic scientific Zen and historical grids that depend upon different types of testability involving among other issues what it means to put oneself to the test
