Grade Level	10th Grade	Time Frame	4-5 class period(s)
Subject	English/Language Arts	Duration	240 minutes

Essential Question

How can Greek drama be connected to today's high school students? Are there universal themes in "Antigone" that are relevant today?

Summary

Before, during, and after reading the play "Antigone" by Sophocles, students will use pre-, during-, and after-reading strategies from Kylee Beers' book "When Kids Can't Read." Students will focus on both comprehension of the play and meaningful and relevant themes.

Snapshot

Engage

Prior to beginning the play, students participate in "Tea Party" and "We Think" activities as *pre-reading strategies*.

Explore

As students read the play, they engage in the *during-reading* activity "Say Something."

Explain

Upon completing the play, students reformulate the text as an ABC book.

Extend

Students compile a whole-class ABC book, then reformulate the text in a mode of their choosing.

Evaluate

Students' reformulations are evaluated for comprehension and analysis, and students reflect on their learning using the "I Used to Think... But Now I Know" instructional strategy.

A Beginning Teaching Portfolio Handbook Bill R. Foster, Michael L. Walker, Kim Hyunsook Song, 2007 This book is based on the INTASC principles the most widely recognized and used set of national standards for classroom educators in the U S Specifically it teaches candidates how to select powerful artifacts of their teaching and how to construct meaningful reflective statements in the context of powerful professional portfolios Preface

Teacher Representations in Dramatic Text and Performance Melanie Shoffner, Richard St. Peter, 2019-09-06 This book examines representations of the teacher on stage in both theatrical performances and dramatic text in order to demonstrate how these representations have shaped society's perceptions of

educators in and out of the classroom At the heart of this book is the interaction between theatre and teacher education By considering how dramatic portrayals reimagine reinforce and or undermine our understanding of the teacher s personal and professional roles this volume bridges the gap between truth in dramatic literature and truth in the classroom Chapters critically explore the personas embodied by fictional teachers in well known works such as Educating Rita School of Rock and The History Boys and illustrate how educators might use dramatic literature and performance to interrogate entrenched ideas about the student teacher dynamic By bringing together a diverse set of contributors from the fields of teacher education and theatre this book takes a critical look at performance text society and culture to promote a new understanding of teaching and learning This unique book will be of great interest to graduate and postgraduate students academics and researchers in the fields of teacher education drama and theatre education

Creating the Global Classroom Laurence Peters, 2022-03-10 The book examines how to begin to think like a global educator first by examining how our own histories and experiences have formed our own cultural and professional identities and second how the varied frames by which global education can be understood pedagogical ideological and cosmopolitan have shaped the field Laurence Peters connects theory and practice about global education relevant to cultivating global awareness in primary and secondary students Rather than seeing global education as a special field separate from the other disciplines the author encourages integration of global perspectives into everything we do Showcasing how global awareness is a developmental issue dependent upon the student s ability to step outside of their own place based comfort zone this volume lays out a roadmap of major challenges and issues around instilling this awareness in students This book connects theory and practice about global education relevant to cultivating global awareness in primary and secondary students From this foundation the book engages with the challenge of integrating global perspectives within a crowded curriculum By convincing students and teachers alike of global education s centrality thinking globally becomes an integral component of learning across subject areas and grade levels and this work encourages students to exercise empathy for the other and to develop critical skills to see through media distortions and fake news so they can better resist the tendency of politicians in our increasingly multicultural countries to divide people along racial and ethnic lines
