Rask,2008-05 Work Ethics And The Generation Gap

Many employers are noticing a pessimistic difference in today's generation. We are all asking what happened to responsibility, motivation, having positive values and integrity along with wanting and expecting more of today's youth and ourselves. Of course, there are many who have that excellent work ethic already. There are those who are workaholics and may need more balance in their lives and maybe manage their time more wisely, which is also covered in this book. It sounds like there may be some questions. The real question may be: Do we have the answers and how do we meet this solution as a nation? I believe those of us who are parents, employers, teachers, and all positive active members of the community can motivate the necessary changes towards more agreeable and moral principals. Dr. Joanne Sujansky, founder of KEY group, author and certified professional speaker, sheds some light on Generation X, Y, and the baby boomers in chapter ten. Also, find out what the community has to say in chapter seven.
