Norris, 2021-11-12 A Fresh Cup of Tolerance pioneers a coherent practical theology of the burgeoning universalism movement It builds on broad spiritual foundations from Native American Asian Neopagan Judeo Christian and Islamic traditions Pragmatic and straightforward it addresses the most pressing global dilemmas of our time environment globalization feminism and gender issues religious strife oppression poverty war and prejudice Theologically it systematically explores our many views of God good evil sin and suffering revelation spirituality in the digital age the spirit of love and community and so on However it is not a pleasant treatise on love It is a living faith in action theology free of rigid words Scriptures beliefs dogma or practices rituals With seven billion people on the planet many more to come cooperating and living loving together is a survival essential In a crisis our best nature surfaces but we seem unable to sustain a sense of true community and compassion for more than a few CNN weeks at a time It is a spiritual priority to seek a means to sustain a loving community for longer periods whether within the family the community the larger society or the world A theology of universalism offers a pathway of hope      *Jesus "The Way, The Truth and The Life"* Thd Bish, 2011 Jesus The Way The Truth and The Life will prove that Jesus is the only Way to God the very embodiment of all Truth and the very essence of Life just as He declared of Himself in the fourteenth chapter and sixth verse of the gospel of John by saying I am the way the truth and the life and that no one comes to the Father except through Me This book will show using systematic theology proofs and truth arguments that Jesus is exactly who He says He is confirmed by God the Father the Holy Spirit and by Christ Himself Jesus said in Mark 8 27 of scripture Who do you say I Am This book will make it obvious why you must answer this pointed question just as Peter did in claiming to Jesus that You are the Christ the Son of the Living God Time is getting short and Jesus is on His way back to earth It s not a time to be confused or wrong on issues having eternal consequences Though the book reads as a college textbook it forces you to think and study the word of God The book is most valuable in a curriculum setting or for those interested in Christian apologetics Jesus is compared to a myriad of other secular philosophies both past and present and as a result it is conclusively obvious that Jesus is the way truth and the life and all others are false This book stands on the foundation that a relationship with God thru Christ is by faith alone Sola Fide by grace alone Sola Gratia by Christ alone Solus Christus by scripture alone Sola Scriptura and with glory to God alone Soli Deo Gloria Dr Ronald N Bish ThD received his Doctorate from Freedom Bible College in Systematic Theology and Apologetics and also holds a Master Degree in Mechanical Engineering For further information contact [www.ronaldbish.com](http://www.ronaldbish.com)      *Manufacturing Religion* Russell

T. McCutcheon, 1997 This book offers a powerful critique of traditional religion scholarship and particularly the oft repeated bromide that religion is a sui generis phenomenon

**Critics Not Caretakers** Russell T. McCutcheon, 2023-11-30 The essays collected together in *Critics Not Caretakers* argue that the study of religion must be rethought as an ordinary aspect of social historical existence a stance that makes the scholar of religion a critic of cultural and historical practices rather than a caretaker of religious tradition or a font of timeless wisdom and deep meaning The book begins with several essays that outline the basis of an alternative sociorhetorical approach to studying religion before moving on to a series of discrete dispatches from the ongoing theory wars each of which uses the work of such writers as Karen Armstrong Walter Burkert Benson Saler and Jacob Neusner as a point of entry into wider theoretical issues of importance to the field's future The author then examines the socio political role of this brand of critical scholarship a role that differs dramatically from the type of sympathetic caretaking generally associated with scholars of religion who feel compelled to go public Concluding the work is a consideration of how scholars as teachers can address issues of theory method and critical thinking in a variety of undergraduate classrooms the location where they have always been publicly accountable intellectuals The new edition of this still read and for some controversial book preserves the original essays but includes a new opening chapter and new introductory commentaries across all of the chapters to demonstrate how little the field has changed since the volume was first published in 2001 Accordingly the book continues to provide a viable alternative for those wanting to take a more critical approach to the study of religion
