Wedin, Steven L. Fales, 2009 Grassland Quietness and Strength for a New American Agriculture takes on the task of increasing our awareness of the vital role grass and grassland plants have in ensuring a sustainable future for America. Geared toward agriculturists, students, the public, and policymakers, Grassland aims to inspire and provide the reader the foundation needed to move into the future. Three main sections track the history of grassland farming, highlighting the voices of grassland advocates, examine the current roles that grassland plays throughout the United States, look at the benefits grass-based agriculture can provide when grass is treated as an essential resource. As Wendell Berry so eloquently argues in the foreword to Grassland, True farmers have minds that are complex and responsible. They understand and honor their debts to nature. They understand and honor their obligations to neighbors and consumers. In the time that is coming, we are going to need many more such farmers than we have, and we will need them much sooner than we can expect to get them. We will get them only to the extent that young people come along who are willing to fit their farming to the nature of their farms and their home landscapes and who recognize the paramount importance of grass and grazing animals to good farming everywhere. This book will help that happen.

Cheryl Hazeltine's Central Texas Gardener Cheryl Hazeltine, 2010-10-12 For almost thirty years, gardeners from Dallas to San Antonio have come to depend on Cheryl Hazeltine for expert advice on getting the most from their trees, shrubs, yardscapes, flowering plants, and vegetables. Now in this newly updated edition, lavishly illustrated in color throughout, Cheryl Hazeltine's Central Texas Gardener brings readers reliable information on what to grow and how to grow it, including the latest tips on organic methods, a few favorite recipes, and helpful websites. Containing a generous sprinkling of sidebars, bulleted lists, and special icons that quickly guide users to pertinent information, this must-have book has the know-how you need for gardening success throughout the heart of the Lone Star State. Critical Praise for Previous Editions: An excellent overview to planting in 57 counties. Austin American Statesman. Amateur and seasoned gardeners will benefit. Publishers Weekly. This is one you can read from front to back and gain a tremendous amount of knowledge about gardening, both general and regional. The authors' conversational style and sense of humor will encourage you to linger over it, and you may soon find yourself making time to linger longer in your garden. Gardens A wonderfully informative book for a region of the country with great gardening potential and challenges. Current Books on Gardening and Botany.

Rodale's Complete Home Products Manual, 1989 **Turfgrass Maintenance Reduction Handbook** Doug Brede, 2000-03-15 Encyclopedic coverage of sure-fire strategies for maintaining your lawn, sports field, golf course, or park in perfect condition while using less water, fertilizer, mowing, pesticide, and labor. A major strength of the book is the wealth of information presented on management strategies, complete with do-it-yourself instructions for site selection, soil preparation, seed rates, and planting, turf establishment, and renovation. Time- and cost-saving techniques for effective mowing, thatch control, pest management, water conservation, water management, fertilizer use, stress management, and pest management are presented in a user-friendly manner, complete with helpful checklists and step-by-step instructions.
