[Wordplay and the Discourse of Video Games](#) Christopher A. Paul, 2012-03-15 In this timely new book Christopher Paul analyzes how the words we use to talk about video games and the structures that are produced within games shape a particular way of gaming by focusing on how games create meaning, lead to identification and division, persuade and circulate ideas. Paul examines the broader social discourse about gaming including the way players are socialized into games, the impact of the lingering association of video games as kid's toys, the dynamics within specific games including *Grand Theft Auto* and *EA Sports Games*, and the ways in which players participate in shaping the discourse of games demonstrated through examples like the reward system of *World of Warcraft* and the development of *Theorycraft*. Overall, this book illustrates how video games are shaped by words, design, and play, all of which are negotiated ongoing practices among the designers, players, and society that construct the discourse of video games.

Video Game of the Year Jordan Minor, 2023-07-11 *Video Game of the Year* breaks down the 40 year history of the world's most popular art form, one game at a time. Pong, The Legend of Zelda, Final Fantasy VII, Rock Band, Fortnite, Animal Crossing, New Horizons. For each of the 40 years of video game history, there is a defining game, a game that captured the zeitgeist and left a legacy for all games that followed. Through a series of entertaining, informative, and opinionated critical essays, author and tech journalist Jordan Minor investigates in chronological order the most innovative, genre bending, and earth shattering games from 1977 through 2022. Exploring development stories, critical reception, and legacy, Minor also looks at how gaming intersects with and eventually influences society at large while reveling in how uniquely and delightfully bizarre even the most famous games tend to be. From portly plumbers to armor clad space marines and the speedy rodents in between, *Video Game of the Year* paints individual portraits that, as a whole, give readers a stronger appreciation for the vibrant variety and long lasting impact of this fresh, exciting, and massively popular art form. Illustrated throughout with retro inspired imagery and featuring contributions from dozens of leading industry voices including New York Times bestselling author Jason Schreier, Max Scoville, Rebekah Valentine, Blessing Adeoye Jr, and Devindra Hardawar, this year by year anthology is a loving reflection on the world's most
