4. The model-fitting process requires a high-dimensional matrix, subject to an additional set of constraints, which requires an early stage of dimensionality reduction. The authors claim that this dimensionality reduction is achieved by applying the principal component analysis (PCA) to the data matrix, which is then used to reduce the dimensionality of the data matrix.

At the time, the *Washington Post* and *Wall Street Journal* had reported that the FBI had received information that the CIA was planning to assassinate Castro. The CIA had denied this, but the FBI had not been able to verify the information. The CIA had also been accused of plotting to assassinate other world leaders, including the Soviet Premier, Nikita Khrushchev. The CIA had denied these allegations as well.
