## Managerial Accounting and Cost Concepts

---

### Questions

**1-1** The three major types of product costs in a manufacturing company are direct materials, direct labor, and manufacturing overhead.

**1-2**

- a. Direct materials are an integral part of a finished product and their costs can be conveniently traced to it.
- b. Indirect materials are generally small items of material such as glue and nails. They may be an integral part of a finished product but their costs can be traced to the product only at great cost or inconvenience.
- c. Direct labor consists of labor costs that can be easily traced to particular products. Direct labor is also called "touch labor."
- d. Indirect labor consists of the labor costs of janitors, supervisors, materials handlers, and other factory workers that cannot be conveniently traced to particular products. These labor costs are incurred to support production, but the workers involved do not directly work on the product.
- e. Manufacturing overhead includes all manufacturing costs except direct materials and direct labor. Consequently, manufacturing overhead includes indirect materials and indirect labor as well as other manufacturing costs.

**1-3** A product cost is any cost involved in purchasing or manufacturing goods. In the case of manufactured goods, these costs consist of direct materials, direct labor, and manufacturing overhead. A period cost is a cost that is taken directly to the income statement as an expense in the period in which it is incurred.

**1-4**

- a. Variable cost: The variable cost per unit is constant, but total variable cost changes in direct proportion to changes in volume.
- b. Fixed cost: The total fixed cost is constant within the relevant range. The average fixed cost per unit varies inversely with changes in volume.
- c. Mixed cost: A mixed cost contains both variable and fixed cost elements.

**1-5**

- a. Unit fixed costs decrease as the activity level increases.
- b. Unit variable costs remain constant as the activity level increases.
- c. Total fixed costs remain constant as the activity level increases.
- d. Total variable costs increase as the activity level increases.

**1-6**

- a. Cost behavior: Cost behavior refers to the way in which costs change in response to changes in a measure of activity such as sales volume, production volume, or orders processed.
- b. Relevant range: The relevant range is the range of activity within which assumptions about variable and fixed cost behavior are valid.

**1-7** An activity base is a measure of whatever causes the incurrence of a variable cost. Examples of activity bases include units produced, units sold, letters typed, beds in a hospital, meals served in a cafe, service calls made, etc.

**1-8** The linear assumption is reasonably valid providing that the cost formula is used only within the relevant range.

*Solutions Manual to Accompany Managerial Accounting, 3rd. Ed* CECILY A. RAIBORN, **Ebook: Managerial Accounting** Whitecotton ; L,2016-09-16 **Ebook Managerial Accounting Solutions Manual with CD-ROM to Accompany Managerial Accounting, Tenth Edition** Ray H. Garrison,2006 *Vocational-technical Learning Materials* Bruce Reinhart,1974 *Ebook: Managerial Accounting - Global Edition* Ronald Hilton,David Platt,2014-09-16 We are pleased to present this Global Edition which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing The emphasis is on teaching students to use accounting information to best manage an organization Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter There is significant coverage of contemporary topics such as activity based costing target costing the value chain customer profitability analysis and throughput costing while also including traditional topics such as job order costing budgeting and performance evaluation Many of the real world examples in the Management Accounting Practice boxes have been revised and updated to make them more current and several new examples have been added This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U S edition **Managerial Accounting and Control** Richard H. Mimick,Jeffrey Kantor,1985 **Management Accounting Research in Practice** Petri Suomala,Jouni Lyly-Yrjänäinen,2012-02-13 Many scholars have claimed that management accounting research has lost its pragmatic relevancy and interventionist research has been proposed as one way to produce theories with increased practical implications In interventionist research active participation in the field is regarded as an asset rather than a liability Despite the methodological debate on interventionist research there is lack of empirical studies on how interventionist research actually helps to produce theories with such pragmatic relevance The lack of empirical studies has perhaps resulted in a too narrow connotation to the research approach This book attempts to shed light on the various nuances of interventionist research and the positions a researcher can occupy when trying to produce contributions associated with both theoretical and pragmatic relevance This book is based on various research projects focusing on different aspects of management accounting during the past ten years To spice up the academic debate the book also provides managerial perspectives on interventionist management accounting research with interesting new insights In addition to management accounting the ideas of interventionist research can also be applied in other management fields

*CPA Problems and Approaches to Solutions* Charles T. Horngren,J. Arthur Leer,1979 **Managerial Accounting for Managers** Eric W. Noreen,Peter C. Brewer,Ray H. Garrison,2014 **Managerial Accounting for Managers 3rd edition** by Noreen Brewer Garrison is based on the market leading managerial accounting solution **Managerial Accounting** by Garrison Noreen and Brewer The Noreen solution presents integrated and proven solutions designed to help attain course goals of student

readiness comprehension of content and application of key concepts in the managerial accounting course while addressing the needs of instructors who do not wish to teach the financial accounting oriented content that is included in the Garrison solution Of the three programs in the Garrison franchise the Brewer solution the Garrison solution and the Noreen solution the Noreen solution is the most pure management accounting content The other two programs contain greater coverage of financial accounting topics Managerial Accounting for Managers 3e is geared towards professors who love Garrison s market leading managerial accounting content but prefer to approach their course by eliminating the debits and credits coverage The Noreen solution includes the managerial accounting topics such as Relevant Costs for Decision Making Capital Budgeting Decisions and Segment Reporting and Decentralization however the job order costing chapter has been extensively rewritten to remove all journal entries Furthermore the chapters dealing with process costing the statement of cash flows and financial statement analysis have been dropped to enable professors to focus their attention on the bedrocks of managerial accounting planning control and decision making McGraw Hill s Connect Plus Accounting offers a complete digital solution combines all the great features of Connect Accounting along with access to an online version of Managerial Accounting for Managers 3e so that students can easily refer back to the text for review and guidance This media rich eBook links directly to tutorials and online resources and offers additional functionality like taking notes and highlighting key passages for reviewing later Contained within Connect Plus Accounting is McGraw Hill s adaptive learning system LearnSmart which is designed to help students learn faster study more efficiently and retain more knowledge for greater success In addition Interactive Presentations deliver learning objectives in an interactive environment giving students access to course critical content anytime anywhere Guided Examples provide students with narrated and animated step by step walkthroughs of algorithmic versions of assigned exercises
