**Politically Incorrect Guide to the American Revolution** Larry Schweikart,Dave Dougherty,2017-06-26 The truth about the American Revolution is under attack Despite what you may have learned in school it wasn't a rich slaveholder's war fought to maintain white privilege In fact the War of Independence wasn't about maintaining any status quo it was the world's first successful bottom up revolution by the people ushering in a new dawn of liberty that history had never seen before But with left wingers dominating the teaching of history where can you go for the true story of the unprecedented events that made the United States the world's greatest nation Now bestselling historian Larry Schweikart has teamed up with author Dave Dougherty to write the ground breaking patriotic history you've always wanted to read about the foundation of our unique nation The Politically Incorrect Guide to the American Revolution reveals Four key factors that applied only in America making it impossible to replicate the Revolution anywhere else Why it matters that the Patriot fighting force was overwhelmingly Scotch Irish The key role of Protestantism which denominations tended to become Patriots and which Tories How Americans were different from the Europeans and English even at the outset of the Revolution How the casualties of the deadliest war in American history are routinely underreported How our Revolution became a model for hundreds of others that all failed Schweikart and Dougherty take on the left wing myths starting with the Marxist narrative of the Revolution in Howard Zinn's nearly ubiquitous A People's History of the United States and uncover the truth about America's beginning      **Learning and Instruction in the Digital Age** J. Hagood, Donna E. Alvermann, Alison Heron-Hruby, 2015-04-17 Students backpacks bulge not just with oversize textbooks but with paperbacks graphic novels street lit and electronics such as iPods and hand held video games This book shows teachers how to unpack those texts and use them to engage students in meaningful learning Whether you are a technology enthusiast or you favor traditional literature this book is written for you With classroom activities adaptable lessons and study group questions in every chapter this book is guaranteed to help you invigorate your teaching and capture your students attention

**Skills Mania** Bob Davis, 2000 In Skills Mania Bob Davis argues passionately that the emphasis in the secondary school classroom must shift from a technocratic skills based approach to teaching and discussion that focuses on real substantive issues He also calls for a new emphasis on the teaching of history a practice that has been sadly lacking in recent years Two central qualities warm up this book first the story is told through the author s own teaching and second the author presents us with an original and frank point of view This is a stirring engaged and practical book **Tokyo Rose / An American**

**Patriot** Frederick P. Close, 2009-12-31 Tokyo Rose An American Patriot explores the parallel lives of World War II legend Tokyo Rose and a Japanese American woman named Iva Toguri Trapped in Tokyo during the war and forced to broadcast on Japanese radio Toguri nonetheless refused to renounce her U S citizenship and surreptitiously aided Allied POWs Despite these patriotic actions she foolishly identified herself to the press after the war as Tokyo Rose An examination of U S monitored English language radio transcripts from Japan between December 1941 and April 1942 shows only one innocuous broadcast by a female Yet in April 1942 a news correspondent with the U S Navy reported that sailors in the Pacific theater routinely listened to Tokyo Rose s propaganda This book assembles for the first time a collection of images from American pre war popular culture that provided impetus for the legend It analyzes the wartime situation of servicemen which caused their imaginations to create the mythical femme fatale even though no Japanese announcer ever used the name Tokyo Rose Using interviews conducted over decades this dual biography also explores Toguri s character and decisions by placing her story and conviction for treason in the context of U S and Japanese racial views Imperial Japan and Cold War politics New research findings prompt a different perspective on her sensational trial the most expensive in U S history up to that time Misguided strategy by Toguri s defense attorney and her deceptive testimony about a key event led to the jury s verdict as surely as the perjury suborned by prosecutors Know It All!
