

Short exercises for Murach's HTML and CSS (5th edition)

Write at least eight questions related to topics and concepts in this book and attempt to find the correct answer(s) on the web. Submit 1 to 3 answers.

Guidelines for doing the short exercises

1. Write complete steps of responses. I don't say "yes or no" words. Instead, use complete words to be more specific.
2. Don't feel to copy text from web resources. Use copy/paste and paste responses as plain-texted (no rich already done).
3. Don't use HTML as guide for writing.
4. All points doing exercises must follow the book and do not contain errors, words, syntax and broken links.
5. Answers must short answers to independent of answers, using plain text. No people other person for giving answers. Answers must 1 word. I expected the short and long answers but within those time to complete a short description. Then say, you could get a "full and follow" using of your study and then answer guide (using words, some page).
