YWCA Also for many southern feminists being part of a faith tradition that emphasized social justice reform is what ultimately propelled them into working for gender equality Allured highlights key figures in Louisiana divisions based on regional sexual and ideological differences access to abortion lawsuits that had national implications that emanated from southern women and the fight against sexual assault and domestic violence Through detailed archival and oral history research she has forged a new path making this a foundational work for the field Remapping Second Wave Feminism will amend how we reflexively view feminism as a northern phenomenon giving proper due to the southern contribution
