My Application At Turfloop:

The Law and the Prophets Daniel R. Magaziner, 2010 No nation can win a battle without faith Steve Biko wrote and as Daniel R Magaziner demonstrates in *The Law and the Prophets* the combination of ideological and theological exploration proved a potent force The 1970s are a decade virtually lost to South African historiography This span of years bridged the banning and exile of the country's best known anti-apartheid leaders in the early 1960s and the furious protests that erupted after the Soweto uprisings of June 16 1976 Scholars thus know that something happened yet they have only recently begun to explore how and why *The Law and the Prophets* is an intellectual history of the resistance movement between 1968 and 1977 it follows the formation early trials and ultimate dissolution of the Black Consciousness movement It differs from previous anti-apartheid historiography however in that it focuses more on ideas than on people and organizations Its singular contribution is an exploration of the theological turn that South African politics took during this time Magaziner argues that only by understanding how ideas about race faith and selfhood developed and were transformed in this period might we begin to understand the dramatic changes that took place Publisher description *Apartheid and the Making of a Black Psychologist* N. Chabani Manganyi, 2016-05-01 This intriguing memoir details in a quiet and restrained manner with what it meant to be a committed black intellectual activist during the apartheid years and beyond Few autobiographies exploring the life of the mind and the history of ideas have come out of South Africa and N Chabani Manganyi's reflections on a life engaged with ideas the psychological and philosophical workings of the mind and the act of writing are a refreshing addition to the genre of life writing Starting with his rural upbringing in Mavambe Limpopo in the 1940s Manganyi's life story unfolds at a gentle pace tracing the twists and turns of his journey from humble beginnings to Yale University in the USA The author details his work as a clinical practitioner and researcher as a biographer as an expert witness in defence of opponents of the apartheid regime and finally as a leading educationist in Mandela's Cabinet and in the South African academy *Apartheid and the Making of a Black Psychologist* is a book about relationships and the fruits of intellectual and creative labour Manganyi describes how he used his skills as a clinical psychologist to explore lives both those of the subjects of his biographies and those of the accused for whom he testified in mitigation his aim always to find a higher purpose and a higher self **On Your Own** Mosibudi Mangena, 1989 *Limpopo's Legacy* Anne Heffernan, 2019 Argues that the historical primacy of youth politics in Limpopo South Africa has influenced the production of generations of nationally prominent youth and student activists among them Julius Malema Onkgopotse Tiro Cyril Ramaphosa Frank Chikane and Peter Mokaba **Students Must Rise** Ann Heffernan, Noor Nieftagodien, Sifiso Mxolisi Ndlovu, Bhekizizwe Peterson, 2016-06-01 A detailed account of the incredibly influential Soweto Student Uprising of 1976 The Soweto Student Uprising of 1976 was a decisive moment in the struggle against apartheid It marked the expansion of political activism to a new generation of young activists but beyond that it inscribed the role that young people of subsequent generations could play in their country's future Since that

momentous time students have held a special place in the collective imaginary of South African history Drawing on research and writing by leading scholars and prominent activists Students Must Rise takes Soweto 76 as its pivot point but looks at student and youth activism in South Africa more broadly by considering what happened before and beyond the Soweto moment Early chapters assess the impact of the anti pass campaigns of the 1950s of political ideologies like black consciousness as well as of religion and culture in fostering political consciousness and organisation among youth and students in townships and rural areas Later chapters explore the wide reaching impact of June 16th itself for student organisation over the next two decades across the country Two final chapters consider contemporary student based political movements including RhodesMustFall and FeesMustFall and historically root these in the long and rich tradition of student activism in South Africa 2016 marks the 40th anniversary of the 1976 June 16th uprisings This book rethinks the conventional narrative of youth and student activism in South Africa by placing that most famous of moments the 1976 students uprising in Soweto in a deeper historical and geographic context

Religion and AIDS Treatment in Africa Hansjörg Dilger,Thera Rasing,2016-04-08 This book critically interrogates emerging interconnections between religion and biomedicine in Africa in the era of antiretroviral treatment for AIDS Highlighting the complex relationships between religious ideologies practices and organizations on the one hand and biomedical treatment programmes and the scientific languages and public health institutions that sustain them on the other this anthology charts largely uncovered terrain in the social science study of the Aids epidemic Spanning different regions of Africa the authors offer unique access to issues at the interface of religion and medical humanitarianism and the manifold therapeutic traditions religious practices and moralities as they co evolve in situations of AIDS treatment This book also sheds new light on how religious spaces are formed in response to the dilemmas people face with the introduction of life prolonging treatment programmes

The Spirit of Leadership Reuel Khoza,2024-05-21 In 2023 Reuel Khoza unsealed a letter to the future which he had written in 1999 when he was chair of Eskom at the time recognised as the best power utility in the world It was an optimistic letter expressing hopes that have since been dashed by corruption and maladministration by a failure of ethical leadership Khoza has written about leadership before considering the importance of intelligence emotional intelligence and social awareness Now he broadens his focus to explore the role of spirituality a faith quotient in transformational leadership The Spirit of Leadership is about faith in humanity and above all faith in God It is about being an African and a Christian and a strong believer in the virtues of ubuntu Africa s philosophy of humanness It is about ancestral wisdom and modern leadership It is about progress through ethical behaviour and good governance in business Finally it is about innovations of the spirit that

are needed to save South Africa and indeed the world from a spiral of despair This is a vital and timely book for a country that needs to rediscover its moral compass **Black Consciousness** Hlumelo Biko,2021-09-09 If Steve Biko were alive today we would have a country that gladly embraces African culture as the dominant driving force for how society is organised In 1968 two young medical students Steve Biko and Mamphela Ramphele fell in love while dreaming of a life free from oppression and racial discrimination Their love story is also the story of the founding of the Black Consciousness Movement BCM by a group of 15 principled and ambitious students at the University of Natal in Durban in the early 1970s In this deeply personal book Hlumelo Biko who was born of Steve and Mamphela s union movingly recounts his parents love story and how the BCM s message of black self love and self reliance helped to change the course of South African history Based on interviews with some of the BCM s founding members Black Consciousness describes the early years of the movement in vivid detail and sets out its guiding principles around a positive black identity black theology and the practice of Ubuntu through community based programmes In spiritual conversation with his father Hlumelo re examines what it takes to live a Black Consciousness life in today s South Africa He also explains why he believes his father who was brutally murdered by the apartheid police in 1977 would have supported true radical economic transformation if he were alive today *Thami Mnye and Medu Art Ensemble Retrospective* Thami Mnye,2009 The exhibition and book document a particular chapter in South Africa s struggle for democracy by telling the story of artist and activist Thami Mnye and a group of cultural workers in exile in Botswana called Medu Art Ensemble This is the first time that their history is being told **South Africa Can Work** Frans Rautenbach,2017-08-18 What will it take to turn South Africa around In this insightful and provocative book Frans Rautenbach proposes a complete overhaul of policy thinking and provides fresh arguments that effectively address South Africa s unemployment race problems and lack of education Rautenbach examines the fundamental problem of rent seeking to which he proposes two antidotes the free market and decentralisation of government Along the way he tackles holy cows such as affirmative action trade unions labour law and welfare payments He also addresses contentious topics such as racism white privilege political correctness state funding of higher education and mounting evidence that trade unions substantially suppress employment growth Written by a labour lawyer with a proven track record in a range of policy issues South Africa Can Work speaks effectively to a cross section of readers of all disciplines and brings sorely needed good news

Attuned Leadership Reuel Khoza,2012-10-01 Leaders are not just born to the role They are born then made and sometimes unmade by their own actions A leader who is not attuned to his or her followers soon becomes a leader in limbo and invariably then fails Connectedness compassion empathy integrity humility reasonableness and a determination to be effective are the keys to attuned leadership An attuned leader can step boldly into an uncertain future with the certainty that followers will lend their support In this richly reflective discussion of leadership and transformation the author provides a guide to what constitutes ethical leadership in local and global contexts for business politics and government In a world

where tyrants abound in corporations and in states Attuned Leadership provides a compass for the direction of ethical leadership Central to this perspective is that the philosophical traditions of Africa offer an important contribution to the theory and practice of leadership in the world today African humanism or Ubuntu evokes both reason and empathy as the basis for ethical leadership Ubuntu articulated in the Zulu proverb Umuntu Ngumuntu Ngabantu means that a person is a person because of other people The author contends that the reciprocal relationship between the individual and the social collective stimulates caring and progressive thought and action Nowhere is this more apt than in the relationship between leader and followers

Modern African Elite of South Africa Lynette Dreyer, 1989-06-18 A profile of the lives of 60 eminent Black Africans who have reached the top of their professions and social hierarchy in South African society despite the political system It argues that White fears of a Black government destroying the economy of South Africa are unfounded

Ways Of Staying Kevin Bloom, 2011-03-03 As a journalist Kevin Bloom had witnessed and reported on the rising tide of violence in post Apartheid South Africa But when his own cousin was killed in a vicious random attack the questions he d been asking about the troubling political and social changes in his country took on a sickeningly personal urgency Suddenly it felt as though this South Africa was no longer the place he d grown up in or the place which felt like home Still stunned by the loss Bloom begins to trace the path of violence from the murder of his cousin in the hills of Zululand to the fatal shooting of the historian David Rattray linking these individual crimes to the riven political landscape and the riots and xenophobic attacks of 2008 Visceral complicated and compassionate *Ways of Staying* is an eloquent account of how the white community is coping with black majority rule and in particular how one family is coping in the aftermath of their own private tragedy
