Techniques and Applications Suresh Chandra Satapathy, Vikrant Bhateja, Margarita N. Favorskaya, T.

Adilakshmi, 2021-07-07 This book presents best selected papers presented at the 4th International Conference on Smart Computing and Informatics SCI 2020 held at the Department of Computer Science and Engineering Vasavi College of Engineering Autonomous Hyderabad Telangana India It presents advanced and multi disciplinary research towards the design of smart computing and informatics The theme is on a broader front which focuses on various innovation paradigms in system knowledge intelligence and sustainability that may be applied to provide realistic solutions to varied problems in society environment and industries The scope is also extended towards the deployment of emerging computational and knowledge transfer approaches optimizing solutions in various disciplines of science technology and health care

Electronics, Communications and Networks Antonio J. Tallón-Ballesteros, Estefanía Cortés-Ancos, Diego A.

López-García, 2024-01-15 It is hard to imagine a world without electronic communication networks so dependent have we all become on the networks which now exist and have become part of the fabric of our daily lives This book presents papers from CECNet 2023 the 13th International Conference on Electronics Communications and Networks held as a hybrid event in person in Macau China and online via Microsoft Teams from 17 20 November 2023 This annual conference provides a

comprehensive global forum for experts and participants from academia to exchange ideas and present the results of ongoing research in state of the art areas of electronics technology communications engineering and technology wireless communications engineering and technology and computer engineering and technology A total of 324 submissions were received for the conference and those which qualified by virtue of falling under the scope of the conference topics were exhaustively reviewed by program committee members and peer reviewers taking into account the breadth and depth of the relevant research topics The 101 selected contributions included in this book present innovative original ideas or results of general significance supported by clear and rigorous reasoning and compelling new light in both evidence and method Subjects covered divide broadly into 3 categories electronics technology and VLSI internet technology and signal processing and information communication and communication networks Providing an overview of current research and developments in these rapidly evolving fields the book will be of interest to all those working with digital communications networks *IoT and Analytics in Renewable Energy Systems (Volume 2)* O.V. Gnana Swathika,K. Karthikeyan,Sanjeevikumar Padmanaban,2023-08-11 Smart cities emanate from a smart renewable energy aided power grid The smart grid technologies offer an array of benefits like reliability availability and resiliency Smart grids phenomenally contribute to facilitating cities reaching those sustainability goals over time Digital technologies such as the Internet of Things IoT automation artificial intelligence AI and machine learning ML significantly contribute to the two way communication between utilities and customers in smart cities Five salient features of this book are as follows Smart grid to the smart customer Intelligent computing for smart grid applications Novel designs of IoT systems such as smart healthcare smart transportation smart home smart agriculture smart manufacturing smart grid smart education smart government smart traffic management systems Innovations in using IoT and AI in improving resilience of smart energy infrastructure Challenges and future research directions of smart city applications **The Nigerian Electric Power Sector** Ayodele Oni,2013-08-29 Hitherto industry participants and professionals have had to navigate the emerging and complex Nigerian electricity supply industry the power sector without materials or texts that adequately and comprehensively address the history and policy issues as well as the legal and regulatory frameworks of the industry In particular before this book there was no book written from a practical and hands on perspective on the key issues connected with the Nigerian power sector or Nigerian power projects generally neither was there a book that provided good and practical insights on matters related to the negotiation of power sector transaction documents in Nigeria The few available texts covered only limited aspects of the power sector as none covered multiple key issues This 400 page book consisting of 10 chapters attempts to fill the lacuna It reviews the general legal and regulatory regime of the power sector It also takes a comprehensive look at the power sector from a historical dimension and looks at where Nigeria is in terms of the legal and regulatory regime and the direction in which the country may be headed Of particular interest to power sector professionals and other persons who negotiate contracts in the power

sector or contracts related to the development of power projects is the chapter which serves as a guide on negotiating key power sector contracts such as Power Purchase Agreements Gas Supply Agreements and Engineering Procurement and Construction Contracts Noteworthy is the fact that the book contains contributions from internationally recognized energy law and policy experts like Stella Duru of Banwo and pricing issues

Revision Notes: CCEA ICT for GCSE Siobhan Matthewson, Gerry Lynch, 2012-04-20 Revision Notes CCEA ICT for GCSE has been written by experienced teachers and examiners so that you can be confident that it covers only the facts and ideas you will be expected to recall and use in the exam Essential facts are carefully organised to make revising easier Exams tips show you how to avoid losing marks and get the best grade Check your understanding questions support you in the run up to the exams with answers provided free online at www.hodderplus.co.uk This book will help you plan and pace your revision to suit your learning needs and can be integrated with other revision techniques you are using
