The TurnAround ToolKit Lynn Winters, Joan Herman, 2011 Lynn Winters s and Joan Herman s The Turnaround Toolkit is written for school leaders who are focused on transforming instruction and who may be working under significant time constraints to reverse declining student achievement or public perceptions of school failure Based on the evidence that simply implementing continuous improvement is not enough to close the achievement gap The Turnaround Toolkit provides a nine step formative evaluation program designed to achieve an immediate and consistent focus on improving instruction in order to bolster student achievement In a straightforward and accessible fashion Herman and Winters explain three overarching Turnaround Tasks that frame these steps and the necessary and sometimes drastic actions that must be taken by

school leaders as they use data to strategically choose implement monitor and revise school interventions A dedicated online toolkit offers numerous worksheets and templates that support each stage of the process and help school leaders scaffold the work of educators to put an aggressive turnaround plan into action while a leadership guide at the end of the book provides guidance to turnaround teams and facilitators

Navigating the New Pedagogy Jeff Halstead, 2011-06-16 In the early 21st Century a new vision for classroom practice emerged that looks very different from the teaching that existed previously This new teaching is a synthesis of effective curriculum big ideas nurturing relationships differentiated instruction appropriate assessment teaching to standards use of technology and solid understanding of the content being taught Six core principles emerge from the new educational theory that have the power to define and organize this new vision for classroom practice and to transform teaching itself Navigating the New Pedagogy Six Principles that Transform Teaching provides this vital map of education s new landscape of the current best practices and philosophies Teachers administrators and education professors will find ideas that will help transform classrooms into positive productive learning environments

Leadership of Assessment, Inclusion, and Learning Shelleyann Scott, Donald E. Scott, Charles F. Webber, 2015-10-20 This book provides pragmatic strategies and models for student assessment and ameliorates the heightened sense of confusion that too many educators and leaders experience around the complexities associated with assessment In particular it offers guidance to school and district personnel charged with fair and appropriate assessment of students who represent a wide variety of abilities and cultures Chapters focus on issues that directly impact the educational lives of teachers students parents and caregivers Importantly the confluence of assessment practices and community expectations also are highlighted Assessment is highly politicised in contemporary society and this book will both confirm and challenge readers beliefs and practices Indeed discerning readers will understand that the chapters offer them a bridge from many established assessment paradigms to pragmatic ethical solutions that align with current expectations for schools and districts In Part One readers engage with concepts and skills needed by school learning leaders to guide optimal assessment practices Part Two delves into student assessment within and across disciplines Part Three provides pragmatic approaches that address assessment in the context of inclusive intercultural education pluralism and globalisation
