Enemies Of The Empire:

Allies and Enemies: Empire Amy J. Murphy, 2019-07-15 This is her chance at revenge Something as trivial as overthrowing a government won't stop her Sela Tyron's discovery of a secret Ironvale Guild weapon project masterminded by the power hungry Chancellor Okane has exposed harsh truths The Poisoncry acolyte Fisk is still alive and her partner Jon Veradin is the reason why Where Sela sees an opportunity for revenge Jon has different plans Tapped as the successor to the Ironvale Guild Master he needs Sela's help to thwart Okane from assuming control If they don't stop Okane the Reaches will suffer But can Sela forgive Jon and set aside her quest for revenge Meanwhile the sentient Resurrection ship Vo has transformed the paradise of Narasmina into a hellish landscape Desperate to rescue her daughter Erelah Veradin and the officious Ironvale diplomat Saito Koide struggle to cross a ruined city filled with strange biomechanoid creations Just as things seem their darkest old allies Rachel Northway and Maeve arrive to lend a hand Together will they be enough to defeat Vo and rescue Erelah's family **Allies and Enemies Empire** the fifth book in the series picks up right after the events of **Allies and Enemies Legacy** in this space opera adventure with a heavy military sci-fi influence **Enemies of the Empire** Shawn Carman, 2010 **Enemies in the Empire** Stefan Manz, Panikos Panayi, 2020 **Enemies in the Empire** demonstrates how Britain developed a global system of mass deportation and internment during the Great War Using case studies in Britain South Africa and India the authors place these internees into the broader history of internment the history of the First World War and the history of the British Empire **British representations of the Spanish Civil War** Brian Shelmerdine, 2024-07-30 This book looks at the reception of the Spanish Civil War in British popular culture and how supporters of both sides in Britain used the rhetoric and imagery of the conflict to bolster support for their respective causes in the arena of British public opinion Brian Shelmerdine finds that traditional notions of Spain as a country of bullfighting bandits and flamenco were pervasive and were significant in shaping wider UK government policy towards Spain He carefully assesses the different political perceptions of the 1930s Spanish scene the role of the Catholic Church the depiction of the two sides in terms of class race and ethnicity humanitarian appeals and the plight of the Basques The book is fluently written and should make fascinating and entertaining reading for scholars of British society and culture in the twentieth century as well as those investigating international impact of the Spanish Civil War *The Collected Historical Works of Sir Francis Palgrave, K.H.* Francis Palgrave, 2013-12-05 The first volume of the collected works of distinguished English historian solicitor and antiquarian Sir Francis Palgrave 1788-1861 **The Present State of Europe, Or, The Historical and Political Mercury** ,1701 **Religious Systems of the World** ,1902 *The Tudor Translations* ,1905 *Military Thought of Asia* Kaushik Roy, 2020-11-04 *Military Thought of Asia* challenges the assertion that the generation of rational secular ideas about the conduct of warfare is the preserve of the West by analysing the history of ideas of warfare in Asia from the ancient period to the present The volume takes a transcontinental and comparative approach to provide a broad overview of the evolution of

military thought in Asia The military traditions and theories which have emerged in different parts of Eurasia throughout history are products of geopolitics and unique to the different regions The book considers the systematic and tight representation of ideas by famous figures including Kautlya and Sun Tzu At the same time it also highlights publications on military affairs by small men like mid ranking officers and scattered ideas regarding the origin nature and societal impact of organised violence present in miscellaneous sources like coins inscriptions paintings and fictional literature In so doing the book fills a historiographical gap in scholarship on military thought which marginalises Asia to the part of cameo and historicises the evolution of theory and the praxis of warfare The volume shows that the East has a long unbroken tradition of conceptualising war and its place in society from the Classical Era to the Information Age It is essential reading for those interested in the evolution of military thought throughout history particularly in Asia
