Rand Smith, 2014-10-01 Since the 1920s Socialist and Communist parties in Europe and elsewhere have engaged in episodes of both rivalry and cooperation with each seeking to dominate the European Left Enemy Brothers analyzes how this relationship has developed over the past century focusing on France Italy and Spain where Socialists and Communists have been politically important Drawing on fieldwork and interviews in all three nations W Rand Smith identifies the critical junctures that these parties faced and the strategic choices they made especially regarding alliance partners In explaining the parties diverse alliance strategies Enemy Brothers stresses the impact of institutional arrangements party culture and leadership The paperback edition features a new afterword that updates the impact of the current euro crisis through mid 2014

From the Enemy's Point of View Eduardo Viveiros de Castro, 2020-05-02 The Arawet are one of the few Amazonian peoples who have maintained their cultural integrity in the face of the destructive forces of European imperialism In this landmark study anthropologist Eduardo Viveiros de Castro explains this phenomenon in terms of Arawet social cosmology and ritual order His analysis of the social and religious life of the Arawet a Tupi Guarani people of Eastern Amazonia focuses on their concepts of personhood death and divinity Building upon ethnographic description and interpretation Viveiros de Castro addresses the central aspect of the Arawete s concept of divinity consumption showing how its cannibalistic expression differs radically from traditional representations of other Amazonian societies He situates the Arawet in contemporary anthropology as a people whose vision of the world is complex tragic and dynamic and whose society commands our attention for its extraordinary openness to exteriority and transformation For the Arawet the person is always in transition an outlook expressed in the mythology of their gods whose cannibalistic ways they imitate From the Enemy's Point of View argues that current concepts of society as a discrete bounded entity which maintains a difference between interior and exterior are wholly inappropriate in this and in many other Amazonian societies **China's Quest** John W.
