Mueller,2018 By the time the 1969 model year rolled around it was well established that muscle cars were fast and plentiful
Every manufacturer had at least one corner of the showroom where the go fast guys could congregate and discuss the merits
and time slips of the latest performance offerings Competition being what it was the manufacturers were looking for ways to
entice potential buyers to choose their product over ever increasing offerings from the competition Some manufacturers tried
to accomplish this with affordable prices some tried fancy marketing schemes and some created a look and a style that
screamed performance even when standing still The 1969 Mach I was Ford s attempt to create a package and a style to
match the performance of its recently released and very potent 428 ci Cobra Jet engine package Displacing the still available
but more conservative GT trim the Mach I included unique and innovative graphics and mechanical innovations including
