Campbell, 2014-10-22 In the wake of Braddock's defeat at Fort Duquesne in 1755 the British army raised the 60th or Royal American Regiment of Foot to fight the French and Indian War Each of the regiment's four battalions saw action in pivotal battles throughout the conflict And as Alexander Campbell shows the inclusion of foreign mercenaries and immigrant colonists alongside British volunteers made the RAR a microcosm of the Atlantic world Not just a potent combat ready force it played a key role in trade migration Indian diplomacy and settlement This book moves beyond the campaign orientation of most regimental histories to explore how the Royal Americans helped forge new Atlantic connections Campbell draws on the regiment's rich archival legacy including the private papers of its first three colonels in chief and of mercenary field officers to describe more fully than previous accounts the lives these soldiers led in the context of their times Campbell takes a closer look at the motivations of regimental founder James Prevost a Swiss mercenary in the courts of Kings George II and George III and explores how migration to America attracted rank and file soldiers He examines the unit's training deployment and operational conduct to reveal the use of new tactics and also chronicles a year in the soldiers' lives as they attended to hard labor in preparation for the summer's campaigns He also traces the postwar activities of these veterans showing how many of them by taking up land grants they had been promised upon enlistment helped settle the frontier and expand commerce Rather than focus on previously documented animosity between British regulars and provincials Campbell reveals how soldiers from different backgrounds formed a multiracial multilingual society that reflected a truly cosmopolitan transatlantic identity

*Collision* Pete Gershon, 2018-09-13 Winner 2019 Ron Tyler Award for Best Illustrated Book sponsored by the Texas State Historical Association TSHA In this expansive and vigorous survey of the Houston art scene of the 1970s and 1980s author Pete Gershon describes the city's emergence as a locus for the arts fueled by a boom in oil prices and by the arrival of several catalyzing figures including museum director James Harithas and sculptor James Surls Harithas was a fierce champion for Texan artists during his tenure as the director of the Contemporary Arts Museum Houston CAM He put Texas artists on the map but his renegade style proved too confrontational for the museum's benefactors and after four years he wore out his welcome After Harithas's departure from the CAM the chainsaw wielding Surls established the Lawndale Annex as a largely unsupervised outpost of the University of Houston art department Inside this dirty cavernous warehouse a new generation of Houston artists discovered their identities and began to flourish Both the CAM and the Lawndale Annex set the scene for the emergence of small downtown artist run spaces including Studio One the Center for Art and Performance Midtown Arts Center and DiverseWorks Finally in 1985 the Museum of Fine Arts presented *Fresh Paint* The Houston School a nationally publicized survey of work by Houston painters The exhibition capped an era of intensive artistic development and suggested that the city was about to be recognized along with New York and Los Angeles as a major center for art making activity Drawing upon primary archival materials contemporary newspaper and magazine accounts and over sixty interviews with significant figures Gershon presents a narrative that preserves and interweaves the stories and insights of those who transformed the Houston art scene into the vibrant community that it is today
