

Good leadership means leading
the way, not hectoring other
people to do things your way.

Get It On What It Means To Lead The Way:

Lead the Way Elaine Elkins, 2018-02-14 Judging by the popularity of do it yourself and self help materials on the market today society seems to be on an endless quest for purpose and satisfaction Wanting to be the best versions of ourselves is a noble yet time and resource consuming pursuit People have often said If only I had an owner s manual for life We do The Holy Bible But who has the time to weed through that sizable book for the answers to life s questions Lead the Way Following the Words and Examples of Jesus in Leading the Charge Toward Positive Cultural Change hopes to simplify the process for you A 366 day study devotional and discipleship tool LTW focuses on the teachings of Jesus to help the modern day Christian navigate the myriad choice points we all face daily Each day LTW hones in on a particular character trait attitude or expected response Jesus is highlighting in the day s red lettered text or larger passage With that in mind LTW then provides historical political cultural and religious information pertaining to the day s scripture the setting the audience the response From there the reader is offered current day examples and illustrations of how Jesus words and teachings apply to us today The final two sections of each day s study are where the rubber meets the road so to speak This is where learning moves from the head to the heart and then from the heart to the hands and feet Stepping In offers suggestions for further reflection through thought provoking questions prayer prompts or scriptures to meditate on Stepping Out provides ideas for how to put faith into tangible action As followers of Jesus we are commanded to take to heart the message of our Savior s teachings and continue the movement he gave his life to promote Lead the way that others may follow

Lead the Work John W. Boudreau, Ravin Jesuthasan, David Creelman, 2015-07-10 A detailed look at the evolution of employment and its far reaching implications Lead the Work takes an incisive look at the evolving nature of work and how it s affecting management and productivity at the organizational level Where getting things done once meant assigning it to an employee today s leaders are increasingly at risk if they fail to recognize that talent can float into and out of an organization Long term employment has given way to medium or short term employment marking the first step in severing the bond that once fixed an individual inside an organization Getting work done by means other than an employee was once considered a fringe event but now leading organizations are accepting and taking advantage of the notion that talent has shown itself to be mutable This book explores this phenomenon in detail and provides a new roadmap to help managers navigate this new environment The workplace has undergone many changes over the years but the emerging trend away from traditional employment represents a massive shift that has profound implications for the business model of every organization large or small This book describes how management is changing and how managers must adapt to survive Examine the dispersed organization and the changing nature of employment Learn how work is becoming impermanent and individualized Find new strategies for managing and leading Get up to speed on the decision science for the new era Workplaces evolve like biological beings only the strong survive and it s the competitive edge that ensures continued success Lead the Work describes the new landscape and shows
