Get Rich Cheating:

Get Rich Cheating Jeff Kreisler, 2024-06-11 In these difficult times there is only one proven path to ridiculous amounts of money Cheating Everyone is doing it from sleazy CEOs to roided up home run kings silicone enhanced starlets and backroom dealing congressmen so why not you *Get Rich Cheating* is your definitive guide to the illegal immoral and fun detailing the schemes that have proven time and time again to generate more cash than God Google and the Treasury combined No one ever bought a fleet of Bentleys with hard work perseverance and honesty Simply by purchasing this book you've already done more than most ethical people dare Open it savor the moment and inhale deeply in the musk of your impending wealth it's time to *Get Rich Cheating* *Codes of Being Rich* Abit Gülistan , 2024-01-18 Being rich is the right of everyone who wants to be rich However there are huge mistakes about being rich in our country Generally people think that the way to become rich is through your father your father in law or concepts called luck and opportunity What are you doing to get rich When I ask they say I don't have the means to become rich I don't earn enough to invest so there is no money left to invest after expenses If you do not receive your share of the national income per capita in the country you live in this is primarily your father's fault and then your fault But your crime is twice as much as your father's Because your father did not understand did not hear or taught him the codes of being rich in his time However today it is possible to access all information from anywhere in the world with a cheap phone accessing the internet It is said that to be rich your grandfather your father and you must own a business This is partly true but largely false Someone who receives a salary can easily open the door to becoming rich with correct financial management and investment Apart from the salary of course one can become rich in a shorter time by establishing a business investing financial management and trading While you can become rich within 3 years by starting a business depending on the sector this time is around 7 years with a salary **The Honest Truth About Dishonesty** Dr. Dan Ariely, 2013-06-18 A lively tour through the impulses that cause many of us to cheat the book offers especially keen insights into the ways in which we cut corners while still thinking of ourselves as moral people Time Dan Ariely behavioral economist and New York Times bestselling author of *Predictably Irrational* and *The Upside of Irrationality* returns with a thought provoking work that challenges our preconceptions about dishonesty and urges us to take an honest look at ourselves Does the chance of getting caught affect how likely we are to cheat How do companies pave the way for dishonesty Does collaboration make us more or less honest Does religion improve our honesty Most of us think of ourselves as honest but in fact we all cheat From Washington to Wall Street the classroom to the workplace unethical behavior is everywhere None of us is immune whether it's a white lie to head off trouble or padding our expense reports In *The Honest Truth About Dishonesty* award winning author Dan Ariely shows why some things are easier to lie about than others how getting caught matters less than we think in whether we cheat and how business practices pave the way for unethical behavior both intentionally and unintentionally Ariely explores how unethical behavior works in the personal professional and

political worlds and how it affects all of us even as we think of ourselves as having high moral standards But all is not lost Ariely also identifies what keeps us honest pointing the way for achieving higher ethics in our everyday lives With compelling personal and academic findings *The Honest Truth About Dishonesty* will change the way we see ourselves our actions and others

How to Get Rich Felix Dennis, 2008 An outspoken entrepreneurial dynamo reveals the secrets behind his self made fortune Starting as a college dropout with no family money Felix Dennis made himself the sixty fifth richest individual in the U K And had a blast in the process *How to Get Rich* his 1 British bestseller is different from any other book on the subject because Dennis isn't selling snake oil investment tips or motivational claptrap Having already made his fortune he merely wants to help readers embrace entrepreneurship and learn from his successes and failures Dennis reveals for example why a regular paycheck is like crack cocaine why being young penniless and inexperienced is a fine combination why great ideas are vastly overrated and why ownership isn't the important thing it's the only thing Part naked memoir part contrarian manual this book is invaluable for anyone willing to stare down failure and take a chance on not just getting rich but very rich indeed
