Honeywell's 6460 Premium Alpha Keypad Family gives dealers the ability to differentiate from the competition and close more sales by offering value-added features and a new aesthetic style that is unmatched. The unique, symmetric plastic design and color schemes make this an ideal choice whether your customers have a light décor in their hallways, offices, stainless steel kitchens and garages or are just looking for something a little more rugged for their warehouses.

The center plug can be emblazoned with your dealer logo to help build your brand, increase your advertising exposure and serve as a referral tool. You can offer customization to the

end-user as well as custom-programming the zones (e.g. Jennifer's Bedroom, Garage Door, etc.), so they know the exact nature and location of an alarm—allowing them to react quickly.

The vivid, negative-mode display and negative-etched keys give the keypad a little more of the cool factor and increase visibility in a darker area or from a distance. The four function keys are easily accessible and can be programmed for quick arming, controlling lights, opening a garage door, panic situations, health emergencies and much more.
