The West African Methodist Collegiate School, 1911-2021 Christopher E. S. Warburton, 2021-12-22 The West African Methodist Collegiate School 1911 2021 presents an intricate analysis of challenging missionary work in Sierra Leone and West Africa In meticulous detail the book revisits an era that spans the slave trade and the manumission of slaves and examines the ways that missionaries helped to educate former slaves and free men for a viable form of existence The checkered history of the school chronicles the adversities courage and determination of men who dared to preserve an educational institution that was designed to provide religious and secular education In more elaborate terms the book reveals how changing circumstances and conditions of the twenty first century can obscure a nineteenth century concept when socioeconomic challenges and the vicissitudes of war and epidemics become too overpowering Flamingo Social Studies for Junior Secondary Schools: For JSS 1 Ahmed Ibrahim, 2005* *A Guide to Biblical Commentaries and Reference Works, 11th Edition* John F. Evans, 2025-01-21 A Guide to Biblical Commentaries and Reference Works 11th Edition by John F Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its usefulness for biblical interpretation The easy to use book provides analysis in canonical order and includes helpful appendices for compiling a personal research library A Guide to Biblical Commentaries and Reference Works 11th Edition is a key reference tool for any student of the Bible pastors laity and scholars alike **Politics and Identity Formation in Southeastern Nigeria** Apollos O. Nwauwa, Ogechi E. Anyanwu, 2019-05-20 Scholarly studies on the Igbo have been scant and fragmented Politics and Identity Formation in Southeastern Nigeria The Igbo in Perspective fills an obvious gap exploring the social cultural economic political and aesthetic traditions that distinguish the Igbo of southeastern Nigeria from their neighbors In scope content and analysis this book is both multi and cross disciplinary focusing on the experiences and forces that have shaped the Igbo society identity formation and sociocultural political and aesthetic representations Themes such as the importance of Igbo names in understanding the people's social linguistic religious gender and cultural identities as well as the intersection of language politics socialization education and aesthetic expression in the Igbo experience in Nigeria are interrogated in a refreshing fashion with an appreciable level of originality **Developmental Dyslexia and Anaphora Resolution in English L1/L2** Nicoletta Simi, 2021-06-15 This book presents the results of three experimental studies focusing on the ability of people with dyslexia to resolve ambiguous anaphoric sentences where concrete and abstract referents are present Each study represents a step in the ongoing investigation of this issue and stems from questions left unanswered by previous research This work is primarily inspired by the desire to gain a better understanding of the role of syntactic and lexical knowledge in text comprehension and more specifically of the effects of word concreteness and abstractness in anaphora resolution contexts for readers with dyslexia The book also investigates the resources necessary to process ambiguous anaphoric sentences The

innovative methodology implemented here comprises both experimental techniques such as eye tracking and the use of questionnaires and standardised tests to answer specific research questions It also puts forward a hypothesis that explains the different deficits manifesting in people with dyslexia and suggests that in reading comprehension tasks the known impairment in people with dyslexia s working memory may hinder their ability to efficiently and accurately perform tasks involving procedural memory resources As a consequence this impairment would emerge as disruptions of people with dyslexia s semantic and syntactic competence as well as their functioning in complex tasks which are particularly demanding in terms of working memory resources

A Bilingual Dictionary of the Hebrew and Aramaic Old Testament Koehler, Baumgartner, 2024-03-18 The publication of the first edition of A Bilingual Dictionary of the Hebrew and Aramaic Old Testament by Ludwig Koehler and Walter Baumgartner in 1953 marked a major event in Old Testament studies It presented a vast treasure of lexicographical material with renderings into both German and English Its publication superseded at once all other existing dictionaries mostly stemming from the 19th century The Dictionary offered for the first time a strictly alphabetical order of entries rather than a simple arrangement by roots This feature not only saved the scholar much time and work it also set the standard for future lexicographical work on the Old Testament In 1958 a new

expanded edition was published which included an extensive supplement Many reprints have followed since all following the original presentation of a dictionary and supplement in two separate volumes To this very day the Dictionary remains the only complete and comprehensive English German dictionary of the Old Testament This new impression of the Dictionary is published in one handy volume meeting the needs of many scholars and students Originally published as *Lexicon in Veteris Testamenti Libros* 1953 1983 *On the Eve* Bernard Wasserstein, 2012-05 *On the Eve* is the portrait of a world on the brink of annihilation In this provocative book Bernard Wasserstein presents a new and disturbing interpretation of the collapse of European Jewish civilization even before the Nazi onslaught *Herald and Presbyter*, 1896 *Invisible Work* Toshie Okita, 2002-03-22 There is growing recognition that context is important for bilingual language development but understanding of that context remains underdeveloped This innovative study spanning the fields of bilingualism ethnicity and family studies shows how language use in intermarried families is deeply intertwined with the experience of everyday childrearing in specific socio historical contexts This is why despite good intentions expert advice and effort bilingual child rearing often encounters difficulties Conversely drawing on in depth interviews of twenty eight Japanese mother British father families in the UK the study uses a focus on language issues to portray actual childrearing dynamics and situated ethnicity in intermarried families Presenting a vivid picture of the invisible work of mothers in these families and how they attempt to resolve conflicting pressures and demands over childrearing language and education the author shows the importance of recognition and shared responsibility This book will interest researchers practitioners and parents interested in bilingualism ethnically diverse families and multicultural education *The English Reader: a Key in the English Language and Literature* J.
