District Nursing Manual of Clinical Procedures Liz O'Brien, 2012-03-09 This manual the first of its kind focused on district nursing provides the means to build competence and confidence in nurses new to the community or developing their skills. The comprehensive and evidence based content provides essential information for competence in key areas of district nursing. From the Foreword by Rosemary Cook CBE Hon D Lett MSc PG Dip RGN Director The Queen's Nursing Institute Clinical skills are a fundamental aspect of district nursing care. The District Nursing Manual of Clinical Procedures is a practical evidence based manual of clinical skills which reflects the unique challenges of district nursing care within the patient's home. It provides a comprehensive resource for all district nurses, community nurses, students and healthcare professionals involved in the district nursing team enabling them to practice competently and confidently and deliver clinically effective person centred care. The District Nursing Manual of Clinical Procedures addresses the complexity of district nursing care and encompasses key aspects of clinical practice including decision making in areas that district and community nurses often struggle with or find difficult when they are on their own in a patient's home. It utilises the latest clinical research and expert clinical knowledge to address these challenges and to provide the underlying theory and evidence for district nursing care. Key features: Evidence based manual of practical clinical skills in district nursing care. Clear, user friendly and easy to understand. Contains recommendations for expert care within a patient's own home. Addresses key concerns of district and community nurses working on their own within a patient's home. Encompasses key aspects of district nursing care. Placed in the context of person centred care. All procedures include the rationale for each action, why as well as how. Veterinary Practice Management Catherine R. Coates, 2013-01-01 Veterinarians are increasingly aware of the need to recognise they are working in a business enterprise. From operating as small practices twenty years ago, veterinary businesses are now run along sophisticated models and operate out of multi million pound hospitals. Drawing together the latest information on practice management, this textbook provides practical and straightforward coverage of major elements including client relationships and staff management, business and financial procedures, computer systems and project management. With a focus on practical solutions and a section dedicated to useful everyday checklists and templates, this book is a necessary tool for any practice manager and a valuable guide for veterinary students.
