Colander, Peter S. Sephton, Charlene Richter, 2002 An

exploration of the macroeconomic aspects of economic growth business cycles and monetary and trade policy

Macroeconomics explains how recent tax cuts have combined with the war on terrorism and slow economic growth to contribute to increasing budget deficits Also included are discussions of international trade policy comparative advantage and outsourcing as well as valuable Web access to more than 250 minutes of new videos from Paul Solman of the Lehrer NewsHour

Principles of Economics Robert H. Frank, Ben Bernanke, 2020-12

Although many millions of dollars are spent each year on introductory economics instruction in American colleges and universities the return on this investment has been disturbingly low Studies have shown for example that several months after having taken a principles of economics course former students are no better able to answer simple economics questions than others who never even took the course Most students it seems leave our introductory courses without having learned even the most important basic economic principles

Study Guide for Use with Microeconomics, Second Canadian Edition David C. Colander, 2003

Macroeconomics Rudiger Dornbusch, Stanley Fischer, Richard Startz, 1998

Dornbusch Fischer and Startz has been a long standing leading intermediate macroeconomic theory text since its introduction in 1978

This revision retains most of the text's traditional features including a middle of the road approach and very current research while updating and simplifying the exposition. This revision focuses on making the text even easier to teach from. The only prerequisite continues to be principles of economics.
