Assume that although Selk owns 30% of Kildaire's outstanding stock, circumstances indicate that it does not have a significant influence over the investee and that it is classified as an available-for-sale security investment.

Required:

1. Prepare journal entries to record the preceding transactions and events for Selk. Also prepare an entry dated January 2, 2015, to remove any balance related to the fair value adjustment. (If no entry is required for a particular transaction, select "No journal entry required" in the first account field.)

The screenshot displays an accounting software interface. A 'transaction list' window is open, showing three transactions. To the left, a 'Journal Entry' form is partially visible, showing a tabbed interface with tabs 1 through 5, and a dropdown menu for 'Selk' and 'stock'.
