The field of Film Music Studies has been increasingly dominated by musicologists this book brings the discipline back squarely into the domain of Film Studies offering an approach in which music and visuals are seen as equal players in the game Blending Neoformalism with Gestalt psychology and Leonard B Meyer s musicology this study treats music as a cinematic element offering scholars and students of both music and film a set of tools to help them analyse the wide ranging impact that music has in films This second edition provides an updated survey of the field and a new chapter featuring additional case studies including a novel analytical category for studying the contemporary sound design style film music [A Checklist of P. The Novel Life of PG Wodehouse Roderick Easdale,2014-06-18 Was PG Wodehouse really a traitor a naive simpleton dominated by his wife and out of touch with the world around him This book challenges many of the accepted wisdoms about PG Wodehouse and his work and skilfully entwines details of Wodehouse s life with an analysis of his work to show that contrary to popular belief many of the scenarios characters and issues he wrote about came from his own sometimes bitter personal experience It shows for instance how Bertie Wooster is a much misunderstood figure in literature and shared many of the characteristics and life story of PG Wodehouse himself Easdale also gives fresh insight into PG Wodehouse s alleged treachery during World War II and his motives for making five radio broadcasts from Germany which were to cast a shadow over the rest of his life Easdale often finds an original angle with which to shatter stale accepted perception this book is compelling Country Life This fascinating examination offers a refreshing and accessible study of Wodehouse s work Press Association
