[The M Club Manual](#) Kathryn Sultzbach, 2004. This is a public announcement to inform America of a new, not to be ignored, women's club. Well, not really a new club because it has been around for as long as women have been taking care of business, families, and of course each other. The M Club is the ultimate how-to manual for any mature woman who is plain, sick, and tired of going unrecognized and being mistreated, or simply for those who want to revel in their M-ness. We are sick and tired, mostly tired of things in general going to hell in a handbasket. We are intelligent, savvy women who know right from wrong. Sometimes we have to come over there to help another member. Often we go over there in a big group so we can make an impression. We help other M Club members because we want to, and we are able. Next time, and there will be a next time, any woman is feeling overlooked or harangued, she can appeal to her sister members of the M Club to shift perspectives, take the reins, and we'll take care of business. Women will love to give this incredibly funny and frank manual as a present or even keep it around the home or office for their own reference and fun.
