### **How Not to Date a Pop**

**Star** Jada Trainor, 2023-07-11 Aaliyah Preston and Tyler Moore were best friends growing up Tyler played and wrote music and Aaliyah brought that music to life through dance They were convinced their lives would change forever after entering a TV talent show but when Aliyah s mom ended up in hospital Tyler had to go alone and won Suddenly he was thrust into the spotlight while she was left behind in their small seaside town Several years later Tyler is the hottest pop star on the planet and Aaliyah has her heart set on following in her mom s footsteps and attending the Boston Conservatory to study dance However her future becomes hazy when Tyler suddenly comes back home and wants to make up for all the years they lost and even plan a future that includes the two of them together While Tyler may have a lavish lifestyle and fans all the world over he isn t happy What he really wants is a chance at a normal life and he wants Aaliyah to be part of that life However family drama including long buried secrets about both of their fathers threaten any plans for their futures But like the best pop songs when the music and the lyrics come together everything works in perfect harmony Tyler and Aaliyah will need to write a new duet without giving up on their dreams

### **Everyday Trauma** Tracey Shors, PhD, 2021-12-14 A neuroscientist

explores how trauma impacts the brain especially for women and how we can learn to heal ourselves Everyone experiences trauma Whether a specific harrowing event or a series of stressful moments that culminate over time trauma can echo and etch itself into our brain as we remember it again and again throughout our lives In *Everyday Trauma* neuroscientist Dr

Tracey Shors examines trauma with a focus on its pervasive nature how it can happen at any time through big or small events and how it often reappears in the form of encoded memory Her research reveals that when we are reminded of our trauma reliving that tragic moment copies yet another memory of it in our brain making it that much more difficult to forget Dr Shors also explores the neuroscience behind why women in particular are more vulnerable to stress and traumatic events setting them up to be three times more likely than men to suffer PTSD With potential long term consequences such as addiction anxiety depression and PTSD trauma can have a lasting impact on both the brain and body Dr Shors illuminates the effective tools that can reduce the repetitive thoughts that reinforce our traumas including cognitive based therapies and trauma informed care such as her own groundbreaking program a combination of mental and physical training called MAP Training By understanding how our brain responds to trauma and practicing proven techniques that can train our brains and help us let go of our tragic memories whatever they may be we are better equipped to leave our traumatic pasts behind and live in a brighter present
