On the Poetry of Allen Ginsberg Lewis Hyde, 1984 Essays and reviews that trace the changes in Ginsberg's career and in his poetry **How the Other Half Looks** Sara Blair, 2020-07-14 New York City's Lower East Side long viewed as the space of what Jacob Riis notoriously called the other half was also a crucible for experimentation in photography film literature and visual technologies This book takes an unprecedented look at the practices of observation that emerged from this critical site of encounter showing how they have informed literary and everyday narratives of America its citizens and its possible futures Taking readers from the mid nineteenth century to the present Sara Blair traces the career of the Lower East Side as a place where image makers writers and social reformers tested new techniques for apprehending America and their subjects looked back confronting the means used to represent them This dynamic shaped the birth of American photojournalism the writings of Stephen Crane and Abraham Cahan and the forms of early cinema During the 1930s the emptying ghetto opened contested views of the modern city animating the work of such writers and photographers as Henry Roth Walker Evans and Ben Shahn After World War II the Lower East Side became a key resource for imagining poetic revolution as in the work of Allen Ginsberg and LeRoi Jones and exploring dystopian futures from Cold War atomic strikes to the death of print culture and the threat of climate change How the Other Half Looks reveals how the Lower East Side has inspired new ways of looking and looking back that have shaped literary and popular expression as well as American modernity Kerouac's Crooked Road Tim Hunt, 2010-04-06 Now a classic Kerouac's Crooked Road was one of the first critical works on the legendary Beat writer to analyze his work as serious literary art placing it in the broader American literary tradition with canonical writers like Herman Melville and Mark Twain Author Tim Hunt explores Kerouac's creative process and puts his work in conversation with classic American literature and with critical theory This edition includes a new preface by the author which takes a discerning look at the implications of the 2007 publication of the original typewriter scroll version of On the Road for the understanding of Kerouac and his novel Although some critics see the scroll version of the novel as embodying Kerouac's true artistic vision and the 1957 Viking edition as a commercialized compromise of that vision Hunt argues that the two versions should not be viewed as antithetical but rather as discrete perspectives of a writer deeply immersed in writing as both performance and evolving process Hunt moves beyond the mythos surrounding the spontaneous creation of On the Road which upholds Kerouac's reputation as a cultural icon to look more closely at an innovative writer who wanted to bridge the gap between the luscious talk filled world of real life and the sterilized version of that world

circumscribed by overly intellectualized literary texts through the use of written language driven by effusive passion rather than sober reflection With close erudite readings of Kerouac s major and minor works from On the Road to Visions of Cody Hunt draws on Kerouac s letters novels poetry and experimental drafts to position Kerouac in both historical and literary contexts emphasizing the influence of writers such as Emerson Melville Wolfe and Hemingway on his provocative work

The Poem Itself Stanley Burnshaw,2015-09-24 Available again for a new generation this classic work contains over 150 of the greatest modern French Spanish German Italian Portuguese and Russian poems presented in the original languages and brilliantly illuminated by English commentaries **Empty Mirror Poems Edition 3** Sam Silva,2014-09-26 an updated collection of poetry by Sam Silva all previously published in the wonderful online magazine EMPTY MIRROR
