

AQA Paper 1 2023 – My Model Answers

QUESTION 1

They attack in packs.

They go for zebras, gnus and water buffaloes.

They are hardy attackers.

They are clever.

QUESTION 2

In this passage, the writer displays an exemplary command of language techniques to convey a profound negative connotation when describing the appearance of the hyena. The writer employs potent adjectives, such as "ugly beyond redemption," to heighten the impact of the negative perception of the hyena's physical attributes. This deliberate selection of words evokes a strong sense of repulsion and aversion. To emphasise unflattering features, the writer deftly employs comparisons and metaphors. By likening the hyena's neck and shoulders to a "discarded prototype for the giraffe," the writer evokes an image of ungainliness and a lack of grace. This figurative language effectively conveys the hyena's unattractive form.

Moreover, the writer employs personification, attributing human-like characteristics to the hyena's appearance. Describing the hyena's head as having a "receding hairline" infuses it with qualities associated with ageing and a loss of vitality. This personification adds depth to the negative connotations associated with the hyena's physical features. Hyperbole and exaggeration are employed judiciously to intensify the negative portrayal. The writer portrays the hyena's mouth as "forever open and panting," amplifying its lack of elegance, and describes its nostrils as "too big," magnifying the unappealing aspect.

The writer also uses contrasts to accentuate the hyena's unattractiveness. By juxtaposing the hyena's spots with the "clanky ostentation of a leopard's rosettes," the writer highlights the hyena's perceived deficiency in elegance and sophistication.

The writer further employs vivid descriptive imagery, employing terms such as "shaggy," "coarse," "scraggly," and "unwagging." These carefully selected words create a tangible and unsightly depiction of the hyena's physical characteristics. Through their evocative power, they reinforce the negative connotations associated with the hyena's appearance.

Through the skilful implementation of these language techniques—ranging from powerful adjectives to comparisons, metaphors, personification, hyperbole, exaggeration, contrasts, and descriptive imagery—the writer masterfully conveys a vivid and profoundly negative representation of the hyena's appearance.

QUESTION 3

The writer employs a range of structural techniques in this extract to effectively engage and captivate the reader's interest, creating a sense of tension and anticipation. At the beginning of the text, the writer opens with a declarative statement, "It was the hyena that worried me," immediately capturing the reader's attention and establishing a central focus for the narrative. This choice of a concise and impactful opening sentence serves to intrigue the reader and set the stage for the impending conflict.

Throughout the extract, the writer employs a combination of fragmented sentence structures and shifts in narrative perspective to craft a compelling story. By utilising short, concise sentences in the
