Big Data Applications in Geography and Planning Mark Birkin, Graham Clarke, Jonathan Corcoran, Robert Stimson, 2021-05-28 This unique book demonstrates the utility of big data approaches in human geography and planning Offering a carefully curated selection of case studies it reveals how researchers are accessing big data what this data looks like and how such data can offer new and important insights and knowledge

Deepening Neoliberalism, Austerity, and Crisis Julien Mercille, Enda Murphy, 2015-07-07 From bank bailouts to austerity Europe's and Ireland's response to the economic crisis has been engineered specifically to shift the burden of paying for the crisis onto ordinary citizens while investors financiers bankers and the privileged are protected The authors expose the class based nature of Ireland's crisis resolution

Tigray: The Panarchy of War Mirjam Van Reisen, Munyaradzi Mawere, 2024-11-17 The Tigray War 2020-2022 left a deep and lasting impact not only on Tigray but also on the wider Horn of Africa In this second book in a three part series the authors examine the devastation wrought by the war on Tigray's cultural heritage and identity The deliberate destruction of ancient cultural sites and the assault on the Tigrayan people's identity have fueled a desire for greater autonomy among the people of Tigray to protect their future Through the lens of Panarchy this book explores how the war's effects extend far beyond Tigray reshaping the dynamics of the entire region Crucially it uncovers Eritrea's secret role in the conflict which was deliberately concealed by Ethiopia Eritrean forces were implicated not only in atrocities but also in the use of particularly cruel and inhumane sexual violence intended to break the spirit of the Tigrayan people and erase Tigray as an ethnic and cultural group This ethnographic research conducted in collaboration with universities inside and outside Ethiopia reveals the profound transformations caused by the war with consequences that will reverberate for years to come It sheds light on the war's long term impact and highlights the urgent need for international attention on the challenges faced by Tigray and the wider region

Dead Tree Media Michael Stamm, 2018-10-16 A deep and timely account of how American newspapers were produced and distributed on paper Winner of the Best Book in Canadian Business History by the Canadian Business History Association Popular assessments of printed newspapers have become so grim that some have taken to calling them dead tree media as a way of invoking the medium's imminent demise There is a literal truth hidden in this dismissive expression printed newspapers really are material goods made from trees And throughout the twentieth century the overwhelming majority of trees cut down in the service of printing newspapers in the United States came from Canada In *Dead Tree Media* Michael Stamm reveals the international history of the commodity chains connecting Canadian trees and US readers Drawing on newly available corporate documents and research in archives across North America Stamm offers a sophisticated rethinking of the material history of the printed newspaper Tracing its industrial production from the forest to the newsstand he provides an account of the obscure and often hidden labor involved in this manufacturing process by showing how it was driven by not only publishers and journalists but also lumberjacks paper mill workers

policymakers chemists and urban and regional planners Stamm describes the 1911 shift in tariff policy that gave US publishers duty free access to Canadian newsprint providing a tremendous boost to Canadian paper manufacturers and a significant subsidy to American newspaper publishers He also explains how Canada attracted massive American foreign investment in paper mills around the same time that US publishers were able to gain greater access to Canada's vast spruce forests Focusing particularly on the Chicago Tribune Stamm provides a new history of the rise and fall of both the mass circulation printed newspaper and the particular kind of corporation in the newspaper business that had shaped many aspects of the cultural political and even physical landscape of North America For those seeking to understand the travails of the contemporary newspaper business *Dead Tree Media* is essential reading

Thomas, Gareth Curless, 2017-06-15 Insurgency based irregular warfare typifies armed conflict in the post Cold War age For some years now western and other governments have struggled to contend with ideologically driven guerrilla movements religiously inspired militias and systematic targeting of civilian populations Numerous conflicts of this type are rooted in experiences of empire breakdown Yet few multi empire studies of decolonisation's violence exist *Decolonization and Conflict* brings together expertise on a variety of different cases to offer new perspectives on the colonial conflicts that engulfed Europe's empires after 1945 The contributors analyse multiple forms of colonial counter insurgency from the military engagement of anti colonial movements to the forced removal of civilian populations and the application of new doctrines of psychological warfare Contributors to the collection also show how insurgencies their propaganda and methods of action were inherently transnational and inter connected The resulting study is a vital contribution to our understanding of contested decolonization It emphasises the global connections at work and reveals the contemporary resonances of both anti colonial insurgencies and the means devised to counter them It is essential reading for students and scholars of empire decolonization and asymmetric warfare

Towards Better Work A. Rossi,A. Luinstra,J. Pickles,2014-02-12 Globalization of production has created opportunities and challenges for developing country producers and workers This volume provides solutions oriented approaches for promoting improved working conditions and labour rights in the apparel industry

Structural Transformation and Economic Development Banji Oyelaran-Oyeyinka,Kaushalesh Lal,2016-09-13 This book examines long term structural changes and the broad impact on economic development in regional comparative perspectives The book analyzes data across Africa Asia and Latin America It looks at key variables of productivity growth industrialization poverty urbanization and employment This book is concerned with understanding structural change dynamics and how it affects job creation living standards and the efficiency of productive cities through manufacturing productivity growth that benefits majority of citizens With empirical evidence from a selected number of developing countries including China India Brazil Nigeria and South Africa the book attempts to present the considerable structural changes of these countries over the last few decades It highlights that growth without the expected job creation is one of the distinct features of growth in emerging and developing countries It suggests that countries may well record economic growth whether through within sector productivity increase or through structural change but this may not necessarily lead to employment an important concern for long term development

Conflict Areas in the Balkans Pinar Yürür,Arda Özkan,2020-10-27 The situation in the Balkans such as the solution to the status of Kosovo is currently the largest international political problem in Europe with the potential to burst into a world crisis regarding the Eastern Western relations On the other hand a successful solution to the problem in the Balkans could serve as a model for solving the Muslim Christian tensions elsewhere in the world It is the intention of this book to contribute proposals for solutions to the problems of Balkans The starting principle for the solutions to be effective is that they should come in a natural way from the people below and should not be enforced by the political elites from above Based on self determination of nations as a starting principle they should encourage intra regional cooperation among the regional entities economic cultural sport as a basis for political social understanding and cooperation

secondly accelerate their economic political and social development and thirdly as a final step enable the inclusion of the Balkan countries into the European Union

The Life of Permafrost Pey-Yi Chu, 2020-12-07 In the Anthropocene the thawing of frozen earth due to global warming has drawn worldwide attention to permafrost Contemporary scientists define permafrost as ground that maintains a negative temperature for at least two years But where did this particular conception of permafrost originate and what alternatives existed The Life of Permafrost provides an intellectual history of permafrost placing the phenomenon squarely in the political social and material context of Russian and Soviet science Pey Yi Chu shows that understandings of frozen earth were shaped by two key experiences in the Russian Empire and the Soviet Union On one hand the colonization and industrialization of Siberia nourished an engineering perspective on frozen earth that viewed the phenomenon as an aggregate physical structure ground On the other a Russian and Soviet tradition of systems thinking encouraged approaching frozen earth as a process condition and space tied to planetary exchanges of energy and matter Aided by the US militarization of the Arctic during the Cold War the engineering view of frozen earth as an obstacle to construction became dominant The Life of Permafrost tells the fascinating story of how permafrost came to acquire life as Russian and Soviet scientists studied named and defined it

Tin and Global Capitalism, 1850-2000 Mats

Ingulstad, Andrew Perchard, Espen Storli, 2014-09-04 For most of the twentieth century tin was fundamental for both warfare and welfare The importance of tin is most powerfully represented by the tin can an invention which created a revolution in food preservation and helped feed both the armies of the great powers and the masses of the new urban society The trouble with tin was that economically viable deposits of the metal could only be found in a few regions of the world predominantly in the southern hemisphere while the main centers of consumption were in the industrialized north The tin trade was therefore a highly politically charged economy in which states and private enterprise competed and cooperated to assert control over deposits smelters and markets Tin provides a particularly telling illustration of how the interactions of business and governments shape the evolution of the global economic trade the tin industry has experienced extensive state intervention during times of war encompasses intense competition and cartelization and has seen industry centers both thrive and fail in the wake of decolonization The history of the international tin industry reveals the complex interactions and interdependencies between local actors and international networks decolonization and globalization as well as government foreign policies and entrepreneurial tactics By highlighting the global struggles for control and the constantly shifting economic geographical and political constellations within one specific industry this collection of essays brings the state back into business history and the firm into the history of international relations

Assembling Bus Rapid Transit in the Global South Malve Jacobsen, 2020-12-13 This book explores the mobile ethnography of Dar es Salaam where consultants and politicians have planned and implemented a bus rapid transit BRT system for two decades It analyses the dual processes of assembling BRT in the Tanzanian metropolis and establishing BRT as a policy model of and for the Global South The book

elucidates how policy models are constructed and circulated around the globe and depicts the processes by which they are translated between and materialise within specific contexts It presents the case of BRT to demonstrate how technocrats shape these processes through persuasive work aimed at disseminating and stabilising this transport model and how local actors influence its adaptation in Dar es Salaam The book adopts a double mobility approach to show how this ethnography follows travelling consultants circulating policies and moving buses to explore the fluidity of the BRT model Linking key debates in policy mobility studies and Science and Technology Studies enriched with postcolonial perspectives and geographies of transport and infrastructure it offers new insights into the technopolitics of planning and implementing infrastructure systems This book will appeal to academics and students of human geography transport studies science and technology studies and African and development studies interested in the technopolitics of transport planning **The**

BRICS-Lawyers' Guide to Global Cooperation Rostam J. Neuwirth, Alexandr Svetlicinii, Denis De Castro Halis, 2017-10-12 In the international trade and development arena new and developing economies have created a block that is known as BRICS Brazil Russia India China and South Africa Initially conceived to drive global change through economic growth the financial crisis and reversal of fortunes of the BRICS nations have raised questions about their ability to have an impact on the governance of global affairs This book explores the role of law in various areas of BRICS cooperation including trade investment competition intellectual property energy consumer protection financial services space exploration and legal education It not only covers the specifics of each of the BRICS nations in the selected areas but also offers innovative and forward looking perspectives on the BRICS cooperation and their contribution to the reform of the global governance networks This is a unique reference book suitable for academics government officials legal practitioners business executives researchers and students Exclusion and Inclusion in International Migration: Power, Resistance and Identity Armağan Teke Lloyd, 2019-04-30 People on the move face new barriers in a globalizing world Some of these barriers are related with the rise of an increasingly security oriented approach towards international migrants Notwithstanding the forces of globalization states have maintained their monopoly power over whom to admit and whom to deny within their borders In other words they remain the sovereign authority regulating the entry and exit of people However in recent years a number of states have singled out international immigration as the greatest political and social threat to their cultural and national security The securitization of immigration is founded upon the premise that the international movement of people represents an exceptional risk for the survival of the nation and this is often associated with terrorism instability and criminality The securitization of immigration is also based on the idea that the traditional authority vested in states to regulate immigration is somehow insufficient and needs to be enhanced These assumptions correspond with a real policy shift in some countries such as the United States where the government is planning to spend approximately 23 Billion Dollars on border security and immigration enforcement in 2019 alone This edited volume is an exploration of the global landscapes inhabited by refugees

and labour migrants although the focus is largely on the former Despite the fact that most of the empirical studies are drawn from within Europe the book also includes research on Nepal Australia the Middle East and Japan in order to reveal the truly global dimensions of migration and the regimes governing this Content INTRODUCTION by Arma an Teke Lloyd PART A Ideology and Governance of Migration CHAPTER 1 Coming to Terms with Liberal Democracy by the Populist Radical Right Parties of Western Europe Evidence from European Parliament Speeches over Minorities and Migration by Caner Tekin CHAPTER 2 A Forest with many trees Mapping migration governance and the dispersion of authority in Europe by Lisa Marie Borrelli Rebecca Mavin and Giorgia Trasciani CHAPTER 3 Policing Migrants in Transit and Upon Arrival The Bordering Tactic of Integration in Austria and Germany by Olivia Johnson PART B Regulations Suspension of Human Rights CHAPTER 4 Borders Exception and Sovereignty Australia s Migration Policies as Instruments of Suspension of Human Rights and International Obligations by Ana Carolina Macedo Abreu CHAPTER 5 Power and Sandwiched Sovereignty Nepali Migrant Workers in the Gulf Countries by Hari KC CHAPTER 6 The Body and Embodied Experiences in the British Asylum System Developing a Conceptual Perspective by Rebecca Mavin CHAPTER 7 Eritrean Unaccompanied Refugee Minors in The Netherlands Wellbeing and Health by Anna de Haan Yodit Jacob Trudy Mooren and Winta Ghebreab PART C Migrants Strategies and Identities CHAPTER 8 Social Inclusion Processes for unaccompanied minors in the city of Palermo Fostering Autonomy through a New Social Inclusion Model by Roberta Lo Bianco and Georgia Chondrou CHAPTER 9 Urban Resistances and Migrant Activism Challenging the Border Regime in Madrid City by Ana Santamarina and Almudena Cabezas CHAPTER 10 RefConnect A Mobile Social Network for Refugees by Evdokia Kogia Styliani Liberopoulou Nikolaos Alamanos Vasilis Pierros and Christos Michalakelis CHAPTER 11 Halo Halo Nostalgia and Navigating Life for Overseas Filipino Workers OFW s in the Kingdom of Saudi Arabia by Simeon S Magliveras

Islam and the Liberal State Stephen H. Jones, 2020-11-26 National identity and liberal democracy are recurrent themes in debates about Muslim minorities in the West Britain is no exception with politicians responding to claims about Muslims lack of integration by mandating the promotion of fundamental British values including democracy and individual liberty This book engages with both these themes addressing the lack of understanding about the character of British Islam and its relationship to the liberal state It charts a gradual but decisive shift in British institutions concerned with Islamic education Islamic law and Muslim representation since Muslims settled in the UK in large numbers in the 1950s Based on empirical research including interviews undertaken over a ten year period with Muslims and analysis of public events organized by Islamic institutions Stephen Jones challenges claims about the isolation of British Islamic organizations and shows that they have decisively shaped themselves around British public and institutional norms He argues that this amounts to the building of a distinctive British Islam Using this narrative the book makes the case for a variety of liberalism that is open to the expression of religious arguments in public and to associations between religious groups and the state It also offers a powerful challenge to

claims about the insularity of British Islamic institutions by showing how the national orientation of Islam called for by British policymakers is in fact already happening

Betrayed S. Kaplan, 2013-11-26 Betrayed takes a new approach to the subject of global poverty one that doesn't blame the West but also doesn't rely on the West for solutions Betrayed puts the poor themselves at center stage and shows how their entrepreneurial energies are shackled by political and social discrimination When these shackles are removed as is happening in places such as China and Vietnam the poor are able to seize opportunities and drive wealth creation Combining the latest research into poverty and state building with the author's personal observations drawn from years running businesses in the developing world Betrayed explains how leaders in the developing world can build more inclusive societies and more equitable governments thereby creating dynamic national economies and giving the poor the opportunity to accumulate the means and skills to control their own destinies This refreshing new approach will appeal to business people who are fed up with reading critiques of global poverty that see capitalism as the problem not the solution people in both the global North and South who want to see attention focused not on Western aid but on what developing countries and their citizens can do to help themselves scholars and practitioners in the development field who are looking for new practicable ideas and general readers who want accessible and engaging accounts of ordinary people struggling to overcome poverty
