Change and Ecosystems Management Graphic and I *Tribes and Global Jihadism* Virginie Collombier, Olivier Roy, 2018-01-15 Across the Muslim world from Iraq and Yemen to Egypt and the Sahel new alliances have been forged between the latest wave of violent Islamist groups including Islamic State and Boko Haram and local tribes But can one now speak of a direct link between tribalism and jihadism and how analytically useful might it be Tribes are traditionally thought to resist all encroachments upon their sovereignty whether by the state or other local actors from below yet by joining global organizations such as Islamic State are they not rejecting the idea of the state from above This triangular relationship is key to understanding instances of mass radicalization when entire communities forge alliances with jihadi groups for reasons of self interest self preservation or religious fervor If Algeria's FIS or Turkey's AKP once represented the Islamization of nationalism have we now entered a new era the tribalization of globalization **Faith Ed** Linda K. Wertheimer, 2015-08-18 An intimate cross country look at the new debate over religion in the public schools A suburban Boston school unwittingly started a firestorm of controversy over a sixth grade field trip The class was visiting a mosque to learn about world religions when a handful of boys unnoticed by their teachers joined the line of worshippers and acted out the motions of the Muslim call to prayer A video of the prayer went viral with the title Wellesley Massachusetts Public School Students Learn to Pray to Allah Charges flew that the school exposed the children to Muslims who intended to convert American schoolchildren Wellesley school officials defended the course but also acknowledged the delicate dance teachers must perform when dealing with religion in the classroom Courts long ago banned public school teachers from preaching of any kind But the question remains How much should schools teach about the world's religions Answering that question in recent decades has pitted schools against their communities Veteran education journalist Linda K Wertheimer spent months with that class and traveled to other communities around the nation listening to voices on all sides of the controversy including those of clergy teachers children and parents who are Muslim Jewish Christian Sikh or atheist In Lumberton Texas nearly a hundred people filled a school board meeting to protest a teacher's dress up exercise that allowed freshman girls to try on a burka as part of a lesson on Islam In Wichita Kansas a Messianic Jewish family's opposition to a bulletin board display about Islam in an elementary school led to such upheaval that the school had to hire extra security Across the country parents have requested that their children be excused from lessons on Hinduism and Judaism out of fear they will shy away from their own faiths But in Modesto a city in the heart of California's Bible Belt teachers have avoided problems since 2000 when the school system began requiring all high school freshmen to take a world religions course Students receive comprehensive lessons on the three major world religions as well as on Sikhism Hinduism Buddhism and often Shintoism Taoism and Confucianism One Pentecostal Christian girl terrified by idols including a six inch gold Buddha learned to be comfortable with other students beliefs Wertheimer's fascinating investigation which includes a return to her rural Ohio school which once ran weekly Christian Bible classes reveals a public education system struggling to find the right path forward and offers a promising

roadmap for raising a new generation of religiously literate Americans *Handbook on Gender and Health* Jasmine Gideon, 2016-05-27 This Handbook brings together a groundbreaking collection of chapters that uses a gender lens to explore health care and health policy in both the Global South and North. Empirical evidence is drawn from a variety of different settings and points to the many ways in which the gendered dimensions of health have become reworked across the globe. This collection includes insightful contributions from 56 leading authorities from Africa, the Americas, Asia, Europe, and the Middle East, offering a wealth of knowledge, theoretical reflection, and empirical detail on the essential elements surrounding gender and health. Topics covered include theoretical approaches to understanding gender and health, migration, sexuality, ageing, masculinities, climate change, and sexual and reproductive rights. Split into four thematic sections, this book strives to develop a clear road map towards achieving gender justice in health. The Handbook on Gender and Health will be an important resource for researchers, students, and instructors of health policy and family and gender studies. Contributors include G. Alvarez, M. E.
