**Interconnecting the Violences of Men** Kate Seymour,Bob Pease,Sofia Strid,Jeff Hearn,2024-11-04 This book aims to expand and enrich understandings of violences by focusing on gendered continuities interconnections and

intersections across multiple forms and manifestations of men's violence. In actively countering both the compartmentalisation of studies of violence by type and form and the tendency to conceptualise violence narrowly, it aims to flesh out not delimit understandings of violence. Bringing together cross disciplinary indeed transdisciplinary perspectives, this book addresses how what are often seen as specific and separate violences connect closely and intricately with wider understandings of violence: how there are gendered continuities between violences and how gendered violences take many forms and manifestations and are themselves intersectional. Grounded by the recognition that violence is itself a form of inequality, the contributors to this volume traverse the intersectional complexities across both experiences of violent inequality and what is seen to count as violence. The international scope of this book will be of interest to students and academics across many fields including sociology, criminology, psychology, social work, politics, gender studies, child and youth studies, military and peace studies, environmental studies and colonial studies, as well as practitioners, activists and policymakers engaged in violence prevention.
