Rohit Manglik,2023-11-23 Teaches methods of media research and academic writing for scholarly publishing Summaries of Projects Completed National Science Foundation (U.S.), **World Bank Financing of Education** Phillip W.

Jones,2007-02-12 Based on detailed analysis of thousands of confidential World Bank documents this book demonstrates that the World Bank lies at the centre of the major changes in global education of our time It outlines the evolution of World Bank lending policies in education and assesses the policy impact of the Bank s educational projects looking at how it has shaped the economic and social policies of many governments including policies that affect education been an influential proponent of the rapid expansion of formal education systems around the world financing much of that expansion been instrumental in forging those policies that see education as a precursor to modernisation served as a major purveyor of Western ideas about

how education and the economy are or should be related Following on from the success of the first edition this revised edition covers topical issues of globalisation and looks into the political debate concerning aid to developing countries It will be of enormous value to those studying or working in educational policy in developing countries international organisations and financial institutions and aid agencies

Marketing Research Al Marshall,2023-02-04 Marketing Research A Managerial Approach is a new textbook that explains the market research process in a way that is easy to understand The author discusses the main elements problem identification methodologies data collection analysis reporting and also places a strong focus on digital and observation based research to reflect their growing role in marketing research practice Balanced coverage is given to both qualitative and quantitative methodologies The textbook provides the right amount of theoretical knowledge and practical skills needed for students who plan to become marketers and will use market research agencies rather than conduct the research themselves Learning features include suggested journal articles key terms review questions and also discussion questions There are extensive examples provided throughout the textbook There are also a range of online resources for lecturers to use in the classroom including PowerPoint slides a Teaching Guide and videos This textbook is suitable for all students studying marketing research at either an undergraduate or a postgraduate level Dr Al Marshall is a Senior Lecturer in Marketing and a Postgraduate Coordinator in the School of Business at Le Cordon Bleu and has had a long career in market research consultancies in different countries

How to Write about Economics and Public Policy Katerina Petchko,2018-07-12 How to Write about Economics and Public Policy is designed to guide graduate students through conducting and writing about research on a wide range of topics in public policy and economics This guidance is based upon the actual writing practices of professional researchers in these fields and it will appeal to practitioners and students in disciplinary areas such as international economics macroeconomics development economics public finance policy studies policy analysis and public administration Supported by real examples from professional and student writers the book helps students understand what is expected of writers in their field and guides them through choosing a topic for research to writing each section of the paper This book would be equally effective as a classroom text or a self study resource Teaches students how to write about qualitative and quantitative research in public policy and economics in a way that is suitable for academic consumption and that can drive public policy debates Uses the genre based approach to writing to teach discipline appropriate ways of framing problems designing studies and writing and structuring content Includes authentic examples written by students and international researchers from various sub disciplines of economics and public policy Contains strategies and suggestions for textual analysis of research samples to give students an opportunity to practice key points explained in the book Is based on a comprehensive analysis of a research corpus containing 400 research articles in various areas of public policy and economics

Application and Mechanism of Plant Biostimulants, Biochar, Fertilizer Products, and Other Nutrition-related Agrochemicals Rabia Nazir,Roberto Ruggeri,Joao Antonangelo,Meng

Xu,2025-06-17 Since the invention of synthetic ammonia through the Haber Bosch process a significant amount of chemical fertilizer has been utilized to enhance plant productivity However the low efficiency of common fertilizers used for plant nutrition not only leads to the wastage of valuable resources but also contributes to environmental pollution and ecological imbalance Overall health encompassing soil health environmental health and human health calls for new more efficient and environmentally friendly agrochemicals The innovation in plant nutrition related agrochemicals including new fertilizer products is an essential method to improve the efficiency of plant nutrient use addressing the challenges posed by global population growth resource shortage and environmental crisis The updated and upgraded agrochemicals including plant biostimulants biochar fertilizer products plant nutrition regulators and other nutrition related agrochemicals play a crucial role in enhancing plant productivity and promoting agricultural sustainability This article collection aims to bridge the gap between potential advancements in both listed and unlisted agrochemical products while advancing plant product interrelation mechanisms behind their application effects Recent advancements could offer significant opportunities for more scientific management of plant nutrition through application effects and innovative mechanisms Products of biostimulants have emerged in an endless stream and have been used more widely in horticultural crops Value added fertilizers produced by incorporating bioactive substances into conventional fertilizers are on the rise in China Organic substances applied to plant production also enrich the theory of plant organic nutrition Furthermore innovative agricultural inputs like coated fertilizers nano fertilizers fertilizer additives biochar and microbial preparation have the potential to enhance crop production while reducing reliance on traditional chemical inputs Knowledge Engineering and Knowledge Management

C. Maria Keet,Michel Dumontier,2020-10-26 This book constitutes the refereed proceedings of the 22nd International Conference on Knowledge Engineering and Knowledge Management EKAW 2020 held in Bolzano Italy in September 2020 The 12 full papers presented together with 7 were carefully reviewed and selected from 104 submissions The special theme of EKAW 2020 is Ethical and Trustworthy Knowledge Engineering The papers cover all aspects of eliciting acquiring discovering modeling and managing knowledge and construction of knowledge intensive systems *Research Strategy for Animal Production in Europe in the 21st Century* A.J. van der Zijpp,J.
