1. Install the Control

1. Remove the front cover from the rear case by depressing the two locking tabs at the top of the unit with the blade of a medium-size screwdriver.
2. Separate the front and back cover assemblies by sliding the front cover so that it is perpendicular to the rear case and disconnecting the two locking latches from the back case.
3. Feed the wiring through the top of the mounting plate in the back case. Use the steps to secure the wiring as the front and back covers are installed.
4. Mount the back case to a sturdy wall and secure with the provided screws.
5. Attach the front and back covers by connecting the tabs on the front case into slots on the back case. Once attached, the back cover supports the front case and always includes the wiring connections.
6. After all wiring connections have been made, snap the front cover into place and ensure that the locking tabs secure the case.

2. Make Wiring Connections

Note: For the complete wiring and connection information, refer to the LYNX Touch Series Installation and Setup Guide P/N 500-068M or higher.
