

## AP Biology Summer Reading - The Hot Zone by Richard Preston

You will be reading a book that is “... bloodcurdling, and based on truth.” This book is about the Ebola virus. Before you read the book read the attached information about viruses. If you have questions about this assignment, the virus handbook or about the questions below, email me: [collinsm@scholarshipacademy.org](mailto:collinsm@scholarshipacademy.org)

You will also be starting your AP notebook. The notebook should be a three ring binder with dividers dividing it into the following 6 sections. Section 1 – class notes, Section 2 – reading notes from text, Section 3 – handouts and outside reading notes. Section 4 – lab notes and lab reports, Section 5 – vocabulary terms, and Section 6 – study guides. I will check to see that you started the notebook the 1<sup>st</sup> day of class and you will be required to bring it for class daily.

As you read the book, The Hot Zone, summarize the chapters as notes for yourself in Section 5 of the AP notebook. Read and highlight the attached handbook on viruses and put them in Section 3 as well. As you read, find and define new scientific terms in section 5. This is for you to use to study for your 1<sup>st</sup> test which will include information from the book and the handouts.

Read the questions below before you read the book. The Hot Zone. Answer the questions listed below on a separate piece of paper, typed or hand-written. Your responses to the questions are due on the first day of class. We will discuss the book and return on the 1<sup>st</sup> day of class on bring your notebook with the materials I asked you to put in each section and the book. The Hot Zone is returned for the 1<sup>st</sup> day of class.

It will be great to read – hope you enjoy the book as much as I did! See you soon!
