Iggie The Talking Iguana:

Iggie, the Talking Iguana Elton Michaels, 2015-01-18 On the quiet island of Little Cayman an even quieter area called Mahogany Bay holds the biggest population of iguanas around There they normally love to sunbathe and laze about in peace but recently the local humans have been noticing a big change The iguanas seem restless becoming more aggressive and making spooky sounds at all hours of the night And if the humans could speak their language they would hear a distinct rallying cry Drive the humans back into the sea The reason for their distress A baby iguana named Iggie has been kidnapped from his home by a young boy and that s not the first time their habitat was disturbed by the humans of the island Led by Iggie s father Nasty and driven by a growing spirit of rebellion the iguanas plan to overthrow the humans After all there are less than two hundred of them and thousands of humans They re easily outnumbered right But just when things are about to reach a boiling point both sides find they have important lessons to learn about taking care of their environment and living in harmony with their fellow creatures whether two legged four legged scaly or smooth

fellow football player who was prone to violence and excess Dan craftily cleaned up his messes and at the same time achieved a masterful domination of this human weapon Little did Dan know that this relationship would come back to haunt him as an adult Dan screwed up his college aspirations by his meaningless high school escapades but was granted a second chance by a bizarre circumstance His college roommate was a mysterious son of a mafia chieftain who Dan tutored in exchange for room and board An incredible turn of events changed Dan s life and set him on a course to destroy the mob During the same era when Dan became a prosecutor Colombian narcotics suppliers challenged traditional organized crime for control over the narcotics trade by demonstrating unprecedented cruelty and depravity During this duel between the Colombians and the Italian mob a power struggle in traditional organized crime emerged which involved Dan s old college roommate s father Dan and his roommate became pawns in that struggle which led to devastating consequences When Dan began pursuing organized criminals he used every opportunity to manipulate the system to achieve his ends He finally found the vehicle for his ambitions through a very carefully prepared infiltrator Dan then became obsessed with working his way up to exact revenge on the mob s new capo d capo Blinded by his ultimate goals Dan was severely compromised by his childhood friend The book ends with an undisclosed perpetrator frustrating Dan s plans and resulting in an ending as ambiguous as Dan s morals
