

# THE DAY OF JUDGMENT

What will convey to you what the Day of Judgment is? Again! What will convey to you what the Day of Judgment is? It is the Day when a self will have no power to help any other self in any way. The command that Day will be Allah's alone.  
(Surat al-Infitar, 17-19)

*The Science of Legal Judgment* James Ram, John Townshend, 1871      *Literary and Social Judgments* William Rathbone Greg, 1868      *Political Judgement (Routledge Library Editions: Political Science Volume 20)* Ronald Beiner, 2013-06-17  
Originally published in 1983 One of the basic capacities of man as a political being is his faculty of judgement Yet for all the books on concepts like freedom equality and authority surprisingly little attention has been given to this topic in the tradition of Western political thought What is the nature of political judgement What endows us as human beings with the ability to make reasonable judgements about human affairs and to judge the common world we share with others By what means do we secure validity for our judgements What are the underlying conditions of this human capacity and what implications does it have for the understanding of politics These questions central as they are to any reflection on politics have rarely been addressed in a systematic way This book examines Kant's concept of taste and Aristotle's concept of prudence as well as recent works of political philosophy by Arendt Gadamer and Habermas all crucially influenced by Kant and Aristotle

**Political Judgments** Dick Howard, 1996 Against the backdrop of the radical change in political conditions since the 1989 revolutions in Eastern Europe noted philosopher and political theorist Dick Howard asks what is modern politics Returning to the historical problems posed by the French and American Revolutions Howard examines the ways that philosophy has tried to understand the contemporary political dilemma He then puts his theory to the test by looking at political problems in Eastern Europe in the European Union and in the United States This collection of essays many available in English for the first time will be useful to philosophers sociologists and political scientists      *I, Me, Mine* Béatrice Longuenesse, 2017-01-12  
Béatrice Longuenesse presents an original exploration of our understanding of ourselves and the way we talk about ourselves In the first part of the book she discusses contemporary analyses of our use of I in language and thought and compares them to Kant's account of self consciousness especially the type of self consciousness expressed in the proposition I think According to many contemporary philosophers necessarily any instance of our use of I is backed by our consciousness of our own body For Kant in contrast I think just expresses our consciousness of being engaged in bringing rational unity into the contents of our mental states In the second part of the book Longuenesse analyzes the details of Kant's view and argues that contemporary discussions in philosophy and psychology stand to benefit from Kant's insights into self consciousness and the unity of consciousness The third and final part of the book outlines similarities between Kant's view of the structure of mental life grounding our uses of I in I think and in the moral I ought to on the one hand and Freud's analysis of the organizations of mental processes he calls ego and superego on the other hand Longuenesse argues that Freudian metapsychology offers a path to a naturalization of Kant's transcendental view of the mind It offers a developmental account of the normative capacities that ground our uses of I which Kant thought could not be accounted for without appealing to a world of pure intelligences distinct from the empirical natural world of physical entities      *Kierkegaard's Journals and Notebooks, Volume*

**Antitrust Law** Luis Ortiz Blanco, 2011-12-02 The notion of market power is central to antitrust law Under EU law antitrust rules refer to appreciable restrictions of competition Article 101 1 Treaty on the Functioning of the European Union TFEU ex Article 81 1 EC Treaty the elimination of competition for a substantial part of the market Article 101 3 TFEU ex Article 81 3 EC dominant positions Article 10 2 TFEU ex Article 82 EC and substantial impediment to effective competition in particular by creating or reinforcing a dominant position Article 2 of the EU Merger Regulation At first sight only the concept of dominant position relates to market power but it is the aim of this book to demonstrate that the other concepts are directly linked to the notion of market power This is done by reference to the case law of the EU Courts and the precedents of the European Commission The author goes on to argue that for very good reasons clarity and enforceability among others the rules should be interpreted in this way Beginning with market definition the book reviews the different rules and the different degrees of market power they incorporate Thus it analyses the notion of appreciable restriction of competition to find a moderate market power obtained by agreement among competitors to be the benchmark for the application of Article

101 TFEU ex Article 81 EC It moves on to the concept of dominance under Article 102 TFEU ex Article 82 EC which is equivalent to substantial or significant market power and then focuses on the old and new tests for EU merger control Finally it addresses the idea of elimination of competition in respect of a substantial part of the market Article 101 3 TFEU ex Article 81 3 b EC in which the last two types of market power Article 102 TFEU ex Article 82 EC and EU Merger Regulation converge To exemplify this an in depth study of the notion of collective dominance is conducted The book concludes that a paradigm of market power exists under the EU antitrust rules that both fits with past practice and provides for a useful framework of analysis for the general application of the rules by administrative and even more importantly judicial authorities in the Member States under conditions of legal certainty
