**Language, Gender, and Citizenship in American Literature, 1789-1919** Amy Dunham Strand, 2008-08-27

Examining language debates and literary texts from Noah Webster to H L Mencken and from Washington Irving to Charlotte Perkins Gilman this book demonstrates how gender arose in passionate discussions about language to address concerns about national identity and national citizenship elicited by 19th century sociopolitical transformations Together with popular commentary about language in Congressional records periodicals grammar books etiquette manuals and educational materials literary products tell stories about how gendered discussions of language worked to deflect nationally divisive debates over Indian Removal and slavery to stabilize mid 19th century sociopolitical mobility to illuminate the logic of Jim Crow and to temper the rise of New Women and New Immigrants at the end and turn of the 19th century Strand enhances our understandings of how ideologies of language gender and nation have been interarticulated in American history and culture and how American literature has been entwined in their construction reflection and dissemination [Language Files](#), 2007 [The Routledge Handbook of African Linguistics](#) Augustine Agwuele, Adams Bodomo, 2018-03-09 The Handbook of African Linguistics provides a holistic coverage of the key themes subfields approaches and practical application to the vast areas subsumable under African linguistics that will serve researchers working across the wide continuum in the field Established and emerging scholars of African languages who are active and current in their fields are brought together each making use of data from a linguistic group in Africa to explicate a chosen theme within their area of expertise and illustrate the practice of the discipline in the continent [With Literacy and Justice for All](#) Carole Edelsky, 2006-03-21 The third edition of With Literacy and Justice for All Rethinking the Social in Language and Education continues to document Carole Edelsky s long involvement with socially critical holistic approaches to the everyday problems and possibilities facing teachers of language and literacy This book helps education professionals understand the educational societal situations they are dealing with and literacy instruction and second language learning in particular contexts Edelsky does not offer simplistic pedagogical formulas but rather progressively works through differences and tensions in the discourses and practices of sociolinguistics bilingual education whole language and critical pedagogy fields whose practitioners and advocates too often work in isolation from each other and at times at cross purposes In this edition what Edelsky means by rethinking is improving and extending her own views while at the same time demonstrating that such rethinking always occurs in the light of history The volume includes a completely new Introduction and two entirely new chapters one on reconceptualizing literacy learning as second language learning and another on taking a historical view of responses to standardized testing Throughout in updating the volume Edelsky uses a variety of structural styles to note contrasts in her views across time and to make the distinction clear between the original material and the current additions This edition is a rare example of a scholarly owning up to changes in thinking and a much needed demonstration of the historically grounded nature of

knowledge As a whole the third edition emphasizes recursiveness and questioning within a deliberately political framework
